DEFINITIONS:

Subject Area and Catalogue Number: A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. BIOL 1033. You can search for courses by using this code.

Class Number: A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Enrolment Class: An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Related Classes: Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.

Auto Enrol Class: In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

External Class: The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in ‘Manage my Enrolment’ when enrolling.

NOTES:
1. The table above shows a list of courses that are in the program structure for the Master of Marketing (DMMR program) that are available to be studied in the first semester.
2. Students undertaking a full-time study load need to be enrolled in four courses. Students enrolled part-time need to enrol into two courses.
3. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
4. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.

DMMR PROGRAM NOTES:
1. Marketing electives should be chosen from the list of prescribed electives. Note: Not all elective courses are available every study period. Business electives are chosen from any postgraduate courses in the Business School for which the student has satisfied the prerequisites.
2. This is a full fee-paying program.
3. The program can be completed within 24 months of full time study.
4. Any graduate of an Executive Certificate from the Advertising Federation of Australia (Ad School) who is enrolled in the Master of Marketing will receive credit towards one elective course.

EXTERNAL STUDENTS
Students studying off-campus. Administrative services for external students are located at Campus Central.
External mode includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External model does not normally include a face to face component, however some courses offered in external mode may require a small component of on-campus activity. It is strongly recommended that you visit the External Students webpage to gain valuable information regarding your studies. 
http://www.newdev.unisa.edu.au/study-skills/externalstudents.html

PART TIME STUDENTS
You can study part-time which means undertaking less than the load specified for full time status.
(Full-time load) The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year.

If you require further enrolment advice, please refer to the School contact details listed on the first page or contact Campus Central.
