

## **Under 18 - Acceptance and Accommodation Form**

### Information for students under 18 years of age and their families

#### Department of Home Affairs (Home Affairs) requirements

Home Affairs requires that student visa holders under the age of 18 years have appropriate care arrangements whilst studying in Australia. If you are under 18 years of age and intend to apply for a student visa, Home Affairs requires that you either:

- live with a parent/legal custodian in Australia;
- live with a nominated eligible relative who is over the age of 21 years; or
- live in accommodation approved by the University of South Australia.

These arrangements should be in place before you lodge a student visa application. For further information see Home Affairs' website.

#### University approval

If you will <u>not</u> be living with your parent/legal custodian, or a nominated eligible relative over the age of 21 years, the **University** will need to approve your care arrangements for the period of time you are under 18. Please apply via the Under 18 - Acceptance and Welfare/Accommodation Form below. This is to be completed by your parent/legal guardian and must be provided at the time of accepting your offer.

You will not be permitted to change your approved accommodation without the approval of the University.

#### **University of South Australia Approved Accommodation**

The University offers the following accommodation options. Please note that not all accommodation options are suitable for students with a disability. Your selection of the most appropriate accommodation will depend on your needs. Parents are responsible for booking the accommodation and the University is responsible for providing information on approved accommodation.

The University does not own or operate these accommodation facilities, does not provide any oversight of the property or property manager and does not accept any liability in relation to the property and property manager. For further information, please contact the managers directly.

#### **Accommodation options:**

#### 1. Homestay

Homestay accommodation provides students the opportunity to live with an Australian family.

#### 2. Homeaway

Purpose built 'home away from home' accommodation for international students.

#### 3. Family friend or family member

Stay with a family friend or family member if they meet the requirements to be approved as a Homestay provider

Accommodation can be arranged through:

- SAIBT/CELUSA (Placement fee is \$350 and includes airport pickup)
- Eynesbury (Placement fee is \$400 and includes airport pickup)

If you already have an approved arrangement in place through your pathway provider, you are able to remain there while studying with the University.

#### Welfare and support arrangements provided by the University for students under 18 years of age

Welfare and support arrangements provided by the University include regular contact with a Student Adviser (International), monitoring of academic progress and ongoing approval of accommodation arrangements.

Please note that the University will not disclose your personal information to people, bodies or agencies outside the University (including parents, spouses or other relatives of the student), or to staff who do not need the information, without your written permission or where there are concerns about your safety or welfare. Permission can be given using the Under 18 - Acceptance and Welfare/Accommodation Form below.

Just prior to commencing at the University, you must contact a <u>Student Adviser (International)</u> to assist with these arrangements, including if you wish to change your accommodation before you turn 18 years of age.
