Logging into Azure Dev Tools for Teaching

1. https://azureforeducation.microsoft.com/devtools

2. You will be prompted to login using your email address.

Sign in

3. This will then direct you to our UniSA login page, where you will enter your username and password.

If you wish to confirm the authenticity of this page, contact the IT Help Desk (08) 8302 5000. 4. At this stage you may be prompted to verify your identity by confirming your phone number. This will just send you a SMS code, which you will enter in at the next prompt.

5. You will initially be presented with this page (Education Dashboard)

Microsoft Azure	\mathcal{P} . Search resources, services, and docs (G+/)		E 6 () @ ? @ Linewersty of South Austra.

Project Professional 2019 (Windows Only)

Project Professional 2019 enables you to deliver projects successfully by keeping your projects, resources, and teams organized and on track. Easily and efficiently plan projects, track status, and collaborate with others from virtually anywhere. You can use real-time communications and instant messaging enabled within your project plan via Skype for Business and also easily sync Project schedules and plans with Project Online and Project Server 2019. Skype for Business, Project Online, and Project Server 2019 are sold separately.
