Student Services and Amenities Fee (SSAF)

2025 Allocation Report

Introduction

The *Higher Education Support (Student Services, Amenities, Representation and Advocacy) Guidelines 2022* (SSARA Guidelines) require higher education providers to provide a publicly available report on student services and amenities fee (SSAF) allocations and actual expenditure for the year as part of their annual reporting and in the form approved by the Minister. This *SSAF Allocation Report* is the form approved by the Minister.

The information provided in this *SSAF Allocation Report* does **not** require auditing by a financial accountant. The SSAF expenditure reporting is a separate process and remains unchanged, more information can be found in the [Financial Statements Guidelines](#) for Table A and B providers, and in the [Financial Viability Instructions: Applicants and Providers of FEE-HELP \(FVI\)](#) for all other approved providers.

SSAF Consultation and Achievements

The University undertakes an annual SSAF Survey to establish:

- a) student awareness and access of SSAF funded services
- b) SSAF services and amenities ranking
- c) student ideas for new initiatives for the SSAF to fund the following year

The annual survey instrument is developed by the University's Business Intelligence and Planning Unit, with input from the Office of the Chief Academic Services Officer, the University's Student Engagement Unit (SEU) and the University of South Australia Student Association (USASA). The survey is promoted through various UniSA and USASA communications channels and survey links are sent directly to UniSA student email addresses. The survey is administered in the current year and seeks feedback on SSAF expenditure for the following year. Students can also provide feedback throughout the year via a dedicated [SSAF email address](#).

The SSAF survey for 2025 expenditure was undertaken in July 2024 and the top 3 priority areas were:

1. Providing career advice and employment opportunities
2. Health, welfare and wellbeing services
3. Developing skills to help with study

SSAF funds are allocated within the University and to USASA to support and deliver a range of extracurricular activities that enhance the student experience at UniSA. This includes priority areas identified through the SSAF survey. USASA's funding is negotiated based on an annual business proposal for the following year and determined as part of the University's annual budgeting process. SSAF is managed in close consultation with USASA throughout the year with regular meetings between the Chief Academic Services Officer (CASO), the Director Student Engagement Unit, the General Manager of USASA and the USASA Student President.

Since 2017 the University has also included an annual allocation for 'Student Experience Projects' to support new initiatives and proposals from students and staff for enhancing the student experience at UniSA. Students and staff are invited every year to apply for project funding and applications are assessed based on their alignment with *Student Services, Amenities, Representation and Advocacy Guidelines*, SSAF funding priorities for the year, and demonstrated shared responsibility/collaboration between students and staff.

In line with SSAF priorities and consistent with [previous years](#) funding was allocated towards the following activities in 2025:

1. Providing career advice and employment opportunities

- Employment/Career Services to support students in achieving their career goals, and to continue building on the extensive range of services, resources and tools that help students prepare for the workforce and find a job in their chosen field.

2. Health, welfare and wellbeing services

- Funding to enhance core health services, including:
 - Continued development and implementation of a Mental Health Framework.
 - Contribution towards the development and delivery of multiple Sexual Assault and Sexual Harassment (SASH) primary prevention activities, campaigns, and communications. Campus Fair activities, Respect Month Campaign, Sexual Health Week and the creation of four UniSA active bystander videos for social media and trainings.
 - Men's Table activity to provide a safe place to share and be heard in a confidential and non-judgemental environment, whilst creating a greater sense of belonging, camaraderie and connection.
 - Mental Health First Aid (MHFA) instructor training. In response to positive feedback from students, support for MHFA instructor training to provide a more cost-effective and sustainable model for delivering training to students. Licensed MHFA instructors can deliver training at scale, with minimal ongoing costs.
- A range of activities delivered through the SEU and UniSA Sport to increase student connection and promote health and wellbeing. Included funding for students to participate in City to Bay, Intervarsity Sport, on-campus and online wellbeing sessions, and the Wurringka Sports and Wellbeing event.
- [USASA Financial Wellbeing Service](#) to proactively reduce risk-factors of poor mental health resulting from financial pressures. The service includes financial counselling, critical needs grants and emergency vouchers. USASA has also established partnerships with community organisations such as Uniting Care, Baptist Care and Save The Children to provide student access to low-cost food, clothing, and household items.

3. Developing skills to help with study

- Funding to enhance core services to help students develop study skills. Included an increased Studiosity allocation to meet demand for online study skills advice and support in 2025.

- Building on the 2023 Academic Integrity campaign, SSAF funding was allocated to the Teaching and Innovation Unit to develop new student-focused resources addressing the growing risks of contract cheating and associated blackmail. The resources raised timely awareness of emerging risks, discouraged engagement with unsafe services, and provided clearer guidance for affected students. A UniSA student co-designed the content in collaboration with staff, strengthening student-staff partnerships, and enhancing the University’s leadership in addressing academic integrity issues.

4. Other ongoing and project-funded activity

- [USASA’s annual program of events](#) supporting students’ orientation and transition to university, building communities and fostering wellbeing. Large events include Campus Fair (delivered in partnership with the University), large-scale wellbeing/wellness activation, and regular pop-up activations.
- [USASA Clubs and Societies](#) supporting students to drive campus culture and fostering a sense of belonging in the learning community and beyond. USASA has over 80 active special interest, cultural, social justice and academic clubs with ~8,000 members running up to 1000 events per year. USASA’s club grants program supports initiatives that enhance the student experience, specifically campus vibrancy, student events and personal development programs.
- USASA delivered the Pride Fair to celebrate the Rainbow Community on campus. The event was highly focussed on student involvement and included collaboration with key partners including the Rainbow Club, Wurringka Student Services and the University’s Student Engagement Unit (SEU).
- SSAF funding was allocated to UniSA Creative for the *Supporting Student Wellbeing with Comics Resources* project, a student-led initiative to develop mental health and wellbeing materials in formats that resonated with students. The project produced accessible, student-centred resources designed to support wellbeing and to transition smoothly into the new University’s environment. It also provided participating CTV students with paid creative work opportunities and the chance to build their professional portfolios, supporting their future employability in creative fields.

SSAF Revenue Summary

SSAF Charge Summary

The student services and amenities fee (SSAF) charged to students must not be above the maximum fee for a calendar year. The maximum SSAF is indexed annually as required by the *Higher Education Support Act 2003* (the Act). In **2025** the maximum SSAF was **\$365**.

Student Status	[Insert reported year] SSAF charged \$ ²	Number of students charged in [Insert reported year] ³
Full-time ¹ (> 0.75 EFTSL)	<i>Charged per Unit, up to \$365</i>	13,710
Part-time ¹ (< 0.75 EFTSL)	<i>Charged per Unit, up to \$273.75</i>	13,411
		Total: 27,121

¹ Note: As per Part 2 of the *Higher Education Support (Administration) Guidelines 2022* (Administration Guidelines), students studying on a part-time basis must not be charged more than 75 per cent of the maximum SSAF that a higher education provider determines for students studying on a full-time basis. The term “part-time basis” means a study load of less than 75 per cent of the normal full-time student load for the period to which the fee relates. As per part 7 of the Administration Guidelines, the normal EFTSL value for a full-time student studying over a period of one year is 1.0.

² Note: As per Part 2 of the Administration Guidelines, a higher education provider may choose to determine a different SSAF for particular categories of persons, including a zero amount.

³ Note: Students are categorised as full-time or part-time students based on the total EFTSL value of the units of study they undertook in [insert reported year]. For example, a student undertook a full-time study load in Semester 1 which was equal to 0.5 EFTSL and undertook a part-time study load in Semester 2 which was equal to 0.375 EFTSL. This student would be categorised as a full-time student in [insert reported year] as the total EFTSL they undertook in [insert reported year] was equal to 0.875.

Student Status	[Insert reported year] SSAF charged \$ ²	Approx. number of SSAF students remote learning [Insert reported year] ⁴
Remote learning/Online only	\$190	9,628

⁴ Note: The Department of Education understands that not all higher education providers capture mode of study in their information systems and many students undertake a mixed mode of study such as face-to-face and remote learning. The data provided above is for students who undertook remote learning for 100% of their units of study. Please note, due to the limitations of our information systems, the above data may be approximate.
