FOREWORD

VC Foreword, Class of 2025 Digital Yearbook

It is my pleasure to introduce you to the Class of 2025 Digital Yearbook, a special memento of the year that's been—our last together as the University of South Australia.

Some of you reading this might be first-year students, in your final year, or somewhere in between. Regardless of where you are on your university journey, you all have something in common: you're the last cohort of students who will study under the UniSA banner. Ever! You've all been a part of UniSA's final moments, some of them captured forever in the following pages.

2025 has flown by at warp speed, much like my time at UniSA. I started here eons ago (well, in 2013 to be exact). Since then, our university has changed a lot, as has the world around us. However, we've held on tightly to a few things, namely, our values of integrity, diversity and social justice, and of collaboration, innovation and excellence. These values are instilled in you, our students, and we trust that you'll carry on UniSA's legacy in whatever you do next, be that transitioning to the new Adelaide University or moving into the professional career of your choice.

So, take a few moments to flick through or scroll, laugh and cry—and maybe cringe a little (like I am right now, looking at my ice bucket challenge photo here). Mark this important moment of transition. Then come back in a year, or five, or ten, and relive these moments again. That's what this yearbook is for.

Whatever the future may hold for you, I sincerely wish you all the best.

A handwritten signature in blue ink, reading "David Lloyd".

Professor David Lloyd
Vice Chancellor and President

Milestones

34 Years of UniSA History.

FUNTS
FACTS

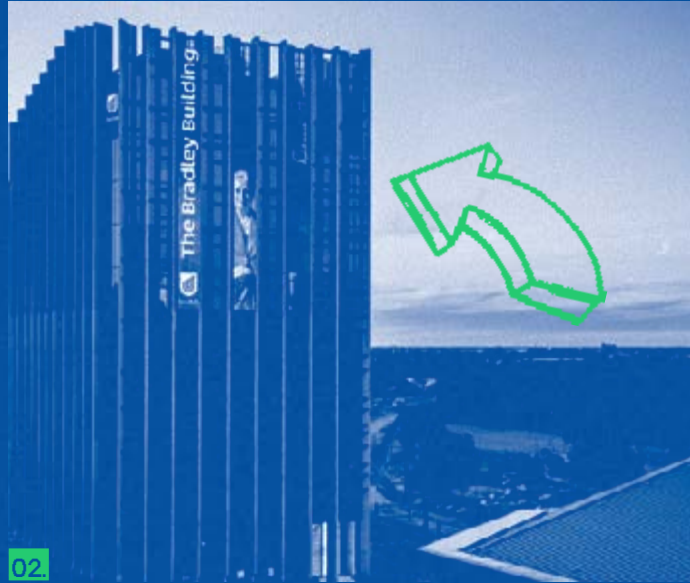

Fun Facts

01.

UniSA was the first tertiary provider of aviation education in Australia.

02.

Did you know? **UniSA's Bradley Building** located on North Terrace, Adelaide is home to the **TALLEST** digital billboard in Australia.

03.

The colourful carpet in the foyer of the **Piazza** at our **Mount Gambier Campus** was handmade in England and is an abstract representation of the Limestone Coast.

04.

The historic **UniSA Law Building** on Hindley Street was originally the headquarters of the **South Australian Brewing Company**. It has been fully restored, including the original boardroom.

05.

Nelson Mandela and AFL legend **Adam Goodes** were each awarded an Honorary Doctor of UniSA.

06.

We're home to the **Samsung SMARTSchool**, one of Australia's most technologically advanced teacher training facilities.

07.

Curious who the **Jeffrey Smart Building** was named after? Jeffrey Smart was an iconic Australian painter known for his depictions of urban landscapes.

08.

Our engineering students partnered with **Santos** to build the **world's longest bike**—over 41 metres long! That's twice the length of a bowling lane and now a **Guinness World Record**.

My time at UniSA has been
a journey of learning,
growth, and unforgettable
memories. From late-night
study sessions to creative
projects and endless cups
of coffee, every moment has
shaped who I am today. I'm
grateful for the friends
who became family, the
lecturers who inspired me,
and the experiences that
pushed me to become more
confident and resilient.

**Grateful for
the memories,
the lessons,
and the people
who made it all

**Thank you for
introducing me
to a world of
knowledge**

Although I am from one
of the final cohorts at
UniSA, I am excited about
the opportunity to be
part of something new and
promising. I am grateful
of the opportunities and
support that I've received
at UniSA, and I look
forward to contributing to
the foundational culture
at Adelaide University.
Veritate et Virtute.

I'm truly grateful to UniSA
for offering an online degree
program that gave me the
chance to return to university
after 20 years. It's allowed
me to learn practical, up-
to-date knowledge, meet
new friends, and grow my
professional skills. I look
forward to continuing my
journey at the new Adelaide
University-learning, growing,
and building the future
together with passionate peers
and inspiring educators.

Proud to be part
of UniSA Online's
final class before
the transition to
Adelaide University.
Grateful for the
flexibility, support,
and opportunities
that made my learning
journey so meaningful
and rewarding.

**End of an
era 2025.
Cheers to
you UniSA!**

**It's not just
about how
you played the
game, it's how
you finished it
that defines you.**

**Learning keeps

**Experienced a
semester before
Adelaide Uni and
I'm stoked to be
part of the end
and beginning of
a good thing.**

I am grateful to have
had such a positive and
fulfilling university
experience, especially
through the ASPIRE
program. UniSA has
been a wonderful place
to learn and grow, and
I'm truly thankful for
the opportunities it
gave me.

**Learners

I feel truly honoured
to have been part
of the UniSA family.
Studying at UniSA has
been an incredible
journey filled with
growth, challenges,
and unforgettable
memories.

**Brains +
Coffee =
degrees**

As the final class of
UniSA, we carry forward
not just our degrees,
but a legacy of lifelong
learning, curiosity,
and community. Though
this chapter closes, may
the future bring each
of us success, purpose,
and the courage to keep
learning and leading
wherever life takes us.

Started late,
finished on
time... proving
procrastinators can

Stay positive
and don't
give up on
your dreams.

From dreaming under
the stairs at eleven
to teaching with
a wand in hand,
becoming Harry Potter
for Book Week wasn't
just dress-up; it was
my childhood magic
brought to life on
placement.

I do what I can

I'm deeply grateful

As we enter a new

My degree is
80% layers, 20%
crying. Sleep is

don't use Adobe.

I am thrilled to
be part of the
UniSA community.
It has been a
fruitful year. May
the transition to

in 2026 a huge
success.

Cheers to the Class
of 2025 — the last
(and possibly the
best) of UniSA!
What a ride it's
been. Here's to new
adventures!

A big thankyou to
UniSA and to my
lecturers for a much
needed push in
the right direction.
For now, resume
reading at my own
leisurely pace.

I should be among the
last batch of PhD
students to enroll at
UniSA. I completed my
Master's degree in China.
My Master's supervisor
graduated from UniSA in
2018. I am re-embarking
on the journey. It's been
a week since I enrolled,
and I'm really enjoying
the environment here.

I will miss
you UniSA!

Hard Work
Pays Off

I came, I counted,
I conquered.
Debts on the
left, dreams on
the right ..and
an Australian
accent, almost.

Juggling
motherhood, a
full-time job, and
postgrad studies
— who needs sleep
anyway? I didn't do
it for fun, I did
it for the future.
Grateful, tired,
and proud.

This is my advice to my
children. Studying is
like cutting an onion.
The more you chop and
grind it, the more you
want to cry. So, take
that onion and put some
flavor in your studies.
Don't be too concerned
about the outcome but
sprinkle it with fun.

Over the past three years,
I've been proud to work as
a Research Assistant at the
Australian Centre for Child
Protection within Justice
& Society at UniSA. As
we transition to Adelaide
University, I'm excited to
continue my journey as both
a staff member and newly
enrolled PhD student. I'm
deeply grateful to UniSA
for the support, learning,
and opportunities that have
shaped my path.

When you work
alone you take
over the world
but when we
work together we
change the world

Had an enriching
experience,
learning new
things, with great
support from all,
to unleash all
hidden potential
within me and
making this campus
my second home

Happy for the
people, the
memories, and
the moments
that made it all
worthwhile

I am proud

skills and
knowledge I have
gained in the
past years of my
academic journey.

Studied without
using a Time-
Turner, only mild
magic, and a whole
lot of coffee. 10
points to Gryffindor
for style, sass,
and surviving
group assignments!
Mischief managed.

I am very
grateful for all
I have learned
and very
excited for
what's next.

Good bye
UniSA.

Education is a journey we take together. Thank you to all the students and colleagues who make this place vibrant, curious, and full of heart. Here's to the next chapter!

The journey ahead won't always be easy, but remember: change doesn't come from waiting. It begins with you. Use the networks you've built, support one another, and don't be afraid to dream boldly. Even small steps can create ripples that change the world.

Wishing you success in
your studies and your
future careers.

Wishing y'all all the best~
UniSA lives on!
Rock on people~
Have the time of your lives (:

All the best to everyone graduating this year! Transitioning from university to the workforce is a big step into your life. But all your hard work has paid off, now go out there and make a difference in the world =)

UniSA has equipped you with knowledge, resilience, and the spark to pursue something greater. Now it's your time to forge your path one step at a time, with grit, courage, and hard work.

It has been my absolute pleasure to be a part of your academic journeys. Que todos tus sueños se hagan realidad y que tus aventuras sean maravillosas!

Wishing you strength,
purpose, and joy as you
write the next chapter.
