2020

Despite the phenomenal impact of the bushfires, followed closely by the COVID-19 pandemic which closed down much of the nation, UniSA proved unstoppable, swiftly moving our teaching online.

The University continued to feature in the world's top 50 under 50 in both THE (#25) and QS (#29), solidifying our status as one of the best young universities.

UniSA business education and research was awarded another significant international endorsement, earning the Association to Advance Collegiate Schools of Business (AACSB) international business accreditation. This was coupled with a full five-year reaccreditation from the leading international network for management development (EFMD).

2021

In 2021, UniSA celebrated 30 unstoppable years. Since our creation in 1991, we have been continuously recognised as one of the world's best young universities by both THE and QS, and ranked #1 in South Australia for graduate outcomes, student satisfaction, campus facilities, student services and teaching quality by QILT.

We boast the most diverse student community in the state, and the largest number of students with a non-English speaking background, disability or low socio-economic status. UniSA also has the state's largest cohort of regional and Aboriginal students, along with the most female students completing studies in non-traditional areas.

In 2021, a significant educational figure in the University's history was honoured, when the late Emeritus Professor Denise Bradley AC became the namesake of the Bradley Building. Located on North Terrace, the Bradley Building is home to UniSA's Centre for Cancer Biology and MOD.

Towards the end of our 30th year we honoured leading Kaurna thinker, philosopher and educator Lewis Yarlupurka O'Brien by re-naming our Law Building. Uncle Lewis has worked tirelessly to create opportunity for Aboriginal Peoples over many decades, and the Lewis O'Brien Building will be the future home of UniSA's Aboriginal Knowledges Centre, a community gathering space to foster cultural connections and knowledge sharing.

2022

Early in 2022 we welcomed the return of many of our international students, who once again brought our campuses to life with their vibrant multicultural perspectives.

2022 saw UniSA expand and develop our already strong relationships with industry through two major initiatives.

In partnership with Fortune 500 global professional services company Accenture, we launched the Innovation Academy in Digital Business, transforming business and digital skills education in Australia.

We also unveiled the virtual component of our Enterprise Hub, in a major restructure of UniSA's industry engagement process.

The Enterprise Hub is a new public facing entity aimed at providing businesses, communities, and organisations access to the full range of the Universities services. In September 2022, iconic actor George Takei joined us for the official dedication of the site for the physical Enterprise Hub in Light Square, planting a time capsule with Vice Chancellor Professor David Lloyd.

In 2022, we also saw the first of our new Visiting Research Fellows arrive. Over five years, UniSA will welcome 500 fellows from top-100-ranked institutions from around the world, along with Aboriginal and Torres Strait Islander researchers and researchers from DFAT-aid assisted countries.

Processional Music

Ancient Land Processional

The processional music played at the start of the graduation ceremony has been composed by Deborah Cheetham AO. The work is sung by the Ngarrindjeri Women's Choir and the Marryatville Concert Choir, supported by the Adelaide Symphony Orchestra, conducted by Nicholas Buc.

"From the beginning I wanted this processional to be a powerful reminder that knowledge has been passed for more than 2000 generations on the lands that the University now occupies. For that reason it was essential to include the traditional language groups from each of the campuses of the University of South Australia - Kurna (Adelaide), Boandik (Mt Gambier) and Barngarla (Whyalla). Ancient Land Processional is music for ceremony and for celebration. I wanted this work to convey the importance and excitement of one of life's great rites of passage – the graduation ceremony".

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years. In the 2014 Queen's Birthday Honours List, Deborah was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

As a composer Deborah has received numerous commissions since the success of her opera Pecan Summer (2010) and now specialises in working with traditional languages.

The Ngarrindjeri Women's Choir

Singing is an essential part of identity in Aboriginal culture. The women who gather to sing in Murray Bridge do so because it is part of who they are as Aboriginal women. These women have performed for many important events over the past decade but are never happier than when singing in community and passing on culture through song.

History of Academic Dress

Academic dress has a long history, almost as long as that of universities themselves. It began with the foundation of the European universities in the 12th and 13th centuries. Until that time, education was carried out within the monasteries, such as one at Oxford where divinity, philosophy and arts were studied as early as the 8th century.

It was not until the 12th century that groups of teachers and students gathered together for classes outside monastery walls in a move that was recognisable as the beginnings of universities. Two of the outstanding schools at that time were in Bologna and Paris. During the 13th century the Roman legal word *universitas* became a common name for study groups. The third great university of the Middle Ages, Oxford, emerged at that time. Much of the symbolism of academic dress is bound up with the history of those early universities which have influenced the creation and maintenance of a distinctive form of dress.

In the earliest times, university statutes concerning academic costume were somewhat vague, and it was not until the late 14th and early 15th centuries, as lay fashions began to change, that universities began to adopt the policy of setting down particular requirements for the shape and cut of academic dress.

Over the centuries, gowns have evolved in various forms from the original outer garment or robe commonly worn by the laity and members of the clergy, to the many modern versions for the various levels of academic awards. Hoods have developed from the head coverings worn by students in the early ages. They were especially useful in inclement weather and in the draughty cloisters of monasteries.

At Canterbury, in the 13th century, the monks' hoods were lined with fur because of the cold. Windows in those days were not glazed.

It would seem that no matter how young a university is, one of the first priorities is to adopt a style of academic dress which is distinctive.

The University of South Australia is no exception. In 1991, the University acknowledged the academic dress of its predecessor institutions and then in February 1992, the University's academic dress was determined by the Council and the first graduation ceremonies wearing the new University of South Australia academic dress occurred during April 1992. It is interesting to note that the hood chosen is of Oxford Burgon style while the gown is of the Cambridge style, an interesting link with two of the greatest European universities of the Middle Ages.

Ceremony Tradition

Academic Procession and stage party

The traditional custom in which dignitaries of the university enter the graduation hall is known as the academic procession. The University of South Australia's academic procession is led by higher degree graduates and members of the University Council, followed by academic staff and senior management of the University, including the Vice Chancellor. The Chancellor is the last to enter.

Academics sit at the rear of the stage and Council members in the second to front row. The front row is reserved for staff reading graduand names, the academic registrar, senior managers, the Vice Chancellor, guest speaker, honorary award recipients, special guests, and the Chancellor.

In some circumstances the Chancellor may be represented by the Deputy Chancellor or Pro Chancellor. The Vice Chancellor may be represented by the Provost and Chief Academic Officer.

Academic Dress

Academic dress usually reflects the highest academic qualification of the wearer. Special ceremonial gowns are also worn and these represent the wearer's position and title. The Vice Chancellor can be recognised by the distinctive Fairford Brocade gown adorned with silver oakleaf lace, and black bonnet with blue tassel. The Chancellor's gown is also Fairford Brocade but incorporates gold oakleaf lace and notably this is worn with a black bonnet finished with a gold tassel. If you look carefully you will see that this gown also has a combination of gold stripes on each sleeve instead of the silver stripes located on the Vice Chancellor's gown.

The Provost and Chief Academic Officer and the Deputy Vice Chancellor: Research and Enterprise wear a black Fairford Brocade gown adorned by silver oakleaf lace.

Senior management wear a black gown with blue facing on the front and rear collar, and a black bonnet with silver tassel. The academic registrar wears a similar gown. However you will note that the blue facing is not as wide and the collar is black, and a black mortar board with blue tassel is worn. Readers wear the gown reflecting their highest award, as do Professors receiving the honorary title of Emeritus Professor, and those being awarded with the honorary title of University Fellow. Recipients of honorary Doctor of the University awards wear the prestigious blue University of South Australia honorary doctorate gown trimmed with yellow and red facing, and a red, yellow, and blue hood. A black bonnet with black tassel is the accompanying headwear.

Council members are distinguished with black silk-like gowns with red, blue, and yellow facing, and a black bonnet and gold tassel. Candidates graduating with a PhD wear a black Oxford-style gown with red facing, and those receiving professional doctorates wear the same style gown but with coloured facing representing their discipline.

End of Ceremony

The academic recession signals the end of the ceremony and is led by the Chancellor, followed by the stage party in the reverse order to which it entered. Newly conferred graduates join the recession signalling their entry to the academic community.

University of South Australia Awards

Degree types

University of South Australia students have a range of program options when undertaking their study. The following are examples of other degree titles you may hear in addition to Bachelor awards, during the graduation ceremony.

Doctor of Philosophy

Doctor of Philosophy programs provide training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality.

Professional Doctorate

A Professional Doctorate is a rigorous program of advanced study and research, designed specifically to meet the needs of industry and professional groups. Professional Doctorates usually consist of a blend of coursework and research.

Degree with Honours

A degree with Honours is a program of four or more years in duration, which includes a minimum of one year of advanced studies, for students who demonstrate a high level of achievement in the initial years of their program.

Double degree

A double degree is a program where two contrasting and complementary programs at the same level have been combined to complement each other, such that the core elements of the two awards are undertaken simultaneously and the requirements of each award are fully met. These graduates receive two parchments.

Bachelor degree

A bachelor degree is an undergraduate award of three or more years of full-time or equivalent part-time study.

Co-badged degrees

A collaborative arrangement between recognised providers, resulting in a single award and may include the co-badging of a single parchment.

Dual degrees

Collaborative partnerships between the University of South Australia and another recognised provider enable students to undertake a degree jointly facilitated by both institutions. Graduates of these programs will be issued with parchments from each institution.

University of South Australia Medal

Pridham Hall

Pridham Hall is named to acknowledge the extraordinary benefaction and leadership of Mr Andrew Pridham AO DUniv. Mr Pridham is a proud alumnus of the UniSA Property Resource Management degree (1988).

His transformative gift to the University acknowledges his gratitude to UniSA for his 'outstanding education' as well as reflecting his belief in the positive role education can play in one's life.

Mr Pridham also believes that those that have the capacity to contribute to the broader community should do so generously and encourage others to do the same.

"The University of South Australia is an important institution very worthy of support. Universities develop minds and foster new thinking. It is a privilege for The Pridham Foundation to support UniSA and contribute to this impressive building and be a part of the process of developing future generations.

The first Pridhams arrived in South Australia in 1849, just 13 years after the proclamation of Government in SA. This is an investment of 170 years by my family and its preceding generations. South Australia is important to our family and in particular my direct family, being my parents LR (Bob) and Marie Pridham and my siblings Helen, David, Mary and Richard.

I hope for the great success of all students who pass through the doors of this great hall in the process of their studies at UniSA."

Support UniSA's Scholarship Fund

UniSA's Scholarship Fund provides scholarships, grants and prizes that recognise academic achievement and give vital financial support to students who need it most.

UniSA has more students from a disadvantaged background than any other university in South Australia, and there are many students at UniSA for whom money is a real issue. Many have multiple jobs to support themselves, some come from remote rural areas, and more than 25 per cent have little financial support at home – which puts them at risk of not completing their degrees and foregoing their dream.

The Fund supports students tackling the problems of the world as they progress through masters and PhD studies, as well as students just starting out in their undergraduate studies who are finding their purpose and inspiration.

By making a donation to the Scholarship Fund you can help future students.

It is a wonderful way of giving back and acknowledging what you have accomplished. To give someone else a boost please visit: giving.unisa.edu.au/causes/scholarship-fund

SIR ROBERT HELPMANN THEATRE

The Occasional Address

Mrs Toni Vorenas

BEd (SpecEd), Dip (Teach),

GradCertNeuro (Learn)

Toni Vorenas was a passionate English teacher and educational leader for 30 years.

With a degree in special education and a graduate certificate in neuroscience and learning, Toni led curriculum and learning projects across the state.

She also co-wrote a drama play with her brother, exploring the experiences of migration.

In 2009, Toni reluctantly left her classroom to help her husband realise his dream of owning a café. Metro Bakery & Café began as a small takeaway coffee and sandwich shop with two staff.

It has evolved into a three-site operation with over 30 staff.

Toni credits the success of her business to the diversity of her team and to building a culture of uncompromising respect. She is an avid community supporter and a member of several local Mount Gambier Boards and State Reference Groups.

Toni leads from the heart and believes that an investment in people is the true bottom line of any business and indeed any organisation.
