Processional Music

Ancient Land Processional

The processional music played at the start of the graduation ceremony has been composed by Deborah Cheetham AO. The work is sung by the Ngarrindjeri Women's Choir and the Marryatville Concert Choir, supported by the Adelaide Symphony Orchestra, conducted by Nicholas Buc.

"From the beginning I wanted this processional to be a powerful reminder that knowledge has been passed for more than 2000 generations on the lands that the University now occupies. For that reason it was essential to include the traditional language groups from each of the campuses of the University of South Australia - Kurna (Adelaide), Bunganditj (Mt Gambier) and Bangarla (Whyalla). Ancient Land Processional is music for ceremony and for celebration. I wanted this work to convey the importance and excitement of one of life's great rites of passage – the graduation ceremony".
- Deborah Cheetham AO

Deborah Cheetham AO

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years. In the 2014 Queen's Birthday Honours List, Deborah was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

As a composer Deborah has received numerous commissions since the success of her opera Pecan Summer (2010) and now specialises in working with traditional languages.

The Ngarrindjeri Women's Choir

Singing is an essential part of identity in Aboriginal culture. The women who gather to sing in Murray Bridge do so because it is part of who they are as Aboriginal women. These women have performed for many important events over the past decade but are never happier than when singing in community and passing on culture through song.

In the past decade it has won competitions in Adelaide (Adelaide Choral Eisteddfods), Sydney (Sydney Performing Arts Challenge, ABC Classic FM Choir of the Year State Champion 2006), and internationally (Tallinn International Choral Festival 2007). The choir has toured Central Europe including concerts at the Kodaly School in Kecskemet. The choir performs a wide variety of repertoire in a range of styles, and where possible in original languages.

Adelaide Symphony Orchestra

Established in 1936, the internationally acclaimed Adelaide Symphony Orchestra is South Australia's largest performing arts organisation. Today the ASO plays a major role in Adelaide's cultural and economic vibrancy, and enriches the community through a diverse program of world-class performances to more than 90,000 concertgoers each season. The Ancient Land Processional orchestral music was performed by the ASO, conducted by Nicholas Buc and recorded in Adelaide's ABC studios.

History of Academic Dress

Academic dress has a long history, almost as long as that of universities themselves. It began with the foundation of the European universities in the 12th and 13th centuries. Until that time, education was carried out within the monasteries, such as one at Oxford where divinity, philosophy and arts were studied as early as the 8th century.

It was not until the 12th century that groups of teachers and students gathered together for classes outside monastery walls in a move that was recognisable as the beginnings of universities. Two of the outstanding schools at that time were in Bologna and Paris. During the 13th century the Roman legal word universitas became a common name for study groups. The third great university of the Middle Ages, Oxford, emerged at that time. Much of the symbolism of academic dress is bound up with the history of those early universities which have influenced the creation and maintenance of a distinctive form of dress.

In the earliest times, university statutes concerning academic costume were somewhat vague, and it was not until the late 14th and early 15th centuries, as lay fashions began to change, that universities began to adopt the policy of setting down particular requirements for the shape and cut of academic dress.

Over the centuries, gowns have evolved in various forms from the original outer garment or robe commonly worn by the laity and members of the clergy, to the many modern versions for the various levels of academic awards. Hoods have developed from the head coverings worn by students in the early ages. They were especially useful in inclement weather and in the draughty cloisters of monasteries.

At Canterbury, in the 13th century, the monks' hoods were lined with fur because of the cold. Windows in those days were not glazed.

It would seem that no matter how young a university is, one of the first priorities is to adopt a style of academic dress which is distinctive.

The University of South Australia is no exception. In 1991, the University acknowledged the academic dress of its predecessor institutions and then in February 1992, the University's academic dress was determined by the Council and the first graduation ceremonies wearing the new University of South Australia academic dress occurred during April 1992. It is interesting to note that the hood chosen is of Oxford Burgon style while the gown is of the Cambridge style, an interesting link with two of the greatest European universities of the Middle Ages.

Mortarboard tassels for Indigenous Australian graduates

The University of South Australia is proud of its commitment to Australian reconciliation. To enable Indigenous Australians to have their ancestry recognised, Aboriginal and Torres Strait Islander graduates have the option of wearing a mortarboard with a tassel incorporating the colours of the respective flags (red, black and yellow for Aboriginal graduates and blue, green and white for Torres Strait Islander graduates).

Ceremony Tradition

Academic Procession and stage party

The traditional custom in which dignitaries of the university enter the graduation hall is known as the academic procession. The University of South Australia's academic procession is led by higher degree graduates and members of the University Council, followed by academic staff and senior management of the University, including the Vice Chancellor. The Chancellor is the last to enter.

In some circumstances the Chancellor may be represented by the Deputy Chancellor or Pro Chancellor. The Vice Chancellor may be represented by the Provost and Chief Academic Officer or Deputy Vice Chancellor, Research and Enterprise.

Academic Dress

Academic dress usually reflects the highest academic qualification of the wearer. Special ceremonial gowns are also worn and these represent the wearer's position and title. The Vice Chancellor can be recognised by the distinctive Fairford Brocade gown adorned with silver oakleaf lace, and black bonnet with blue tassel. The Chancellor's gown is also Fairford Brocade but incorporates gold oakleaf lace and notably this is worn with a black bonnet finished with a gold tassel.

If you look carefully you will see that this gown also has a combination of gold stripes on each sleeve instead of the silver stripes located on the Vice Chancellor's gown.

End of Ceremony

The academic recession signals the end of the ceremony and is led by the Chancellor, followed by the stage party in the reverse order to which it entered. Newly conferred graduates join the recession signalling their entry to the academic community.

University of South Australia Awards

Degree types

University of South Australia students have a range of program options when undertaking their study. The following are examples of other degree titles you may hear in addition to Bachelor awards, during the graduation ceremony.

Doctor of Philosophy

Doctor of Philosophy programs provide training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality.

Professional Doctorate

A Professional Doctorate is a rigorous program of advanced study and research, designed specifically to meet the needs of industry and professional groups. Professional Doctorates usually consist of a blend of coursework and research.

Honours degree

The Honours degree is a separate, stand-alone one-year program of advanced studies for students who demonstrate a high level of achievement upon completion of their pass degree program.

Degree with Honours

A degree with Honours is a program of four or more years in duration, which includes a minimum of one year of advanced studies, for students who demonstrate a high level of achievement in the initial years of their program.

Double degree

A double degree is a program where two contrasting and complementary programs at the same level have been combined to complement each other, such that the core elements of the two awards are undertaken simultaneously and the requirements of each award are fully met. These graduates receive two parchments.

Co-badged degrees

A collaborative arrangement between recognised providers, resulting in a single award and may include the co-badging of a single parchment.

Dual degrees

Collaborative partnerships between the University of South Australia and another recognised provider enable students to undertake a degree jointly facilitated by both institutions. Graduates of these programs will be issued with parchments from each institution.

University of South Australia Medal

Pridham Hall

Pridham Hall is named to acknowledge the extraordinary benefaction and leadership of Mr Andrew Pridham AO. Mr Pridham is a proud alumnus of the UniSA Property Resource Management degree (1988).

His transformative gift to the University acknowledges his gratitude to UniSA for his 'outstanding education' as well as reflecting his belief in the positive role education can play in one's life.

Mr Pridham also believes that those that have the capacity to contribute to the broader community should do so generously and encourage others to do the same.

"The University of South Australia is an important institution very worthy of support. Universities develop minds and foster new thinking. It is a privilege for The Pridham Foundation to support UniSA and contribute to this impressive building and be a part of the process of developing future generations.

The first Pridhams arrived in South Australia in 1849, just 13 years after the proclamation of Government in SA. This is an investment of 170 years by my family and its preceding generations. South Australia is important to our family and in particular my direct family, being my parents LR (Bob) and Marie Pridham and my siblings Helen, David, Mary and Richard.

I hope for the great success of all students who pass through the doors of this great hall in the process of their studies at UniSA."
– Andrew Pridham AO.

Leave a lasting impression

Embed yourself in the DNA of the Pridham Hall

By building Pridham Hall we have created a new heart of the University - an iconic venue where thousands of memories will be made.

The state-of-the-art facility features a sports complex, a swimming pool, and facilities for graduations and corporate and cultural events. It is a significant part of the student experience and offers important sport and fitness services to the entire local community, including the new Health Precinct on North Terrace.

Under the guidance of the design teams we selected three spaces and sculptural forms where we can permanently etch your name and your three words to live by in Pridham Hall to forever inform and inspire future generations of students.

Hundreds of graduates, staff and supporters have already donated \$1,000 to embed their name and words, or those of a loved one, into the chandelier, inverted pyramid and the swimming pool.

To find out more about how you too can participate in this unique initiative please visit www.unisa.edu.au/pridhamhall

Support UniSA's Scholarship Fund

UniSA's Scholarship Fund provides scholarships, grants and prizes that recognise academic achievement and give vital financial support to students who need it most.

UniSA has more students from a disadvantaged background than any other university in South Australia, and there are many students at UniSA for whom money is a real issue. Many have multiple jobs to support themselves, some come from remote rural areas, and more than 25 per cent have little financial support at home – which puts them at risk of not completing their degrees and foregoing their dream.

The Fund supports students tackling the problems of the world as they progress through masters and PhD studies, as well as students just starting out in their undergraduate studies who are finding their purpose and inspiration.

By making a donation to the Scholarship Fund you can help future students. It is a wonderful way of giving back and acknowledging what you have accomplished. To give someone else a boost please visit: www.unisa.edu.au/scholarshipfund
