# Processional Music

## Ancient Land Processional

The processional music played at the start of the graduation ceremony has been composed by Deborah Cheetham AO. The work is sung by the Ngarrindjeri Women's Choir and the Marryatville Concert Choir, supported by the Adelaide Symphony Orchestra, conducted by Nicholas Buc.

"From the beginning I wanted this processional to be a powerful reminder that knowledge has been passed for more than 2000 generations on the lands that the University now occupies. For that reason it was essential to include the traditional language groups from each of the campuses of the University of South Australia - Kurna (Adelaide), Boandik (Mt Gambier) and Barrgarla (Whyalla). Ancient Land Processional is music for ceremony and for celebration. I wanted this work to convey the importance and excitement of one of life's great rites of passage – the graduation ceremony".

- Deborah Cheetham AO

## Deborah Cheetham AO

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years. In the 2014 Queen's Birthday Honours List, Deborah was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

As a composer Deborah has received numerous commissions since the success of her opera Pecan Summer (2010) and now specialises in working with traditional languages.

## The Ngarrindjeri Women's Choir

Singing is an essential part of identity in Aboriginal culture. The women who gather to sing in Murray Bridge do so because it is part of who they are as Aboriginal women. These women have performed for many important events over the past decade but are never happier than when singing in community and passing on culture through song.

The choir has toured Central Europe including concerts at the Kodaly School in Kecskemet. The choir performs a wide variety of repertoire in a range of styles, and where possible in original languages.

### **Adelaide Symphony Orchestra**

Established in 1936, the internationally acclaimed Adelaide Symphony Orchestra is South Australia's largest performing arts organisation. Today the ASO plays a major role in Adelaide's cultural and economic vibrancy, and enriches the community through a diverse program of world-class performances to more than 90,000 concertgoers each season. The University of South Australia is proud of its commitment to Australian reconciliation. To enable Indigenous Australians to have their ancestry recognised, Aboriginal and Torres Strait Islander graduates have the option of wearing a mortarboard with a tassel incorporating the colours of the respective flags (red, black and yellow for Aboriginal graduates and blue, green and white for Torres Strait Islander graduates).

## History of academic dress

Academic dress has a long history, almost as long as that of universities themselves. It began with the foundation of the European universities in the 12th and 13th centuries. Until that time, education was carried out within the monasteries, such as one at Oxford where divinity, philosophy and arts were studied as early as the 8th century.

It was not until the 12th century that groups of teachers and students gathered together for classes outside monastery walls in a move that was recognisable as the beginnings of universities. Two of the outstanding schools at that time were in Bologna and Paris. During the 13th century the Roman legal word *universitas* became a common name for study groups. The third great university of the Middle Ages, Oxford, emerged at that time. Much of the symbolism of academic dress is bound up with the history of those early universities which have influenced the creation and maintenance of a distinctive form of dress.

In the earliest times, university statutes concerning academic costume were somewhat vague, and it was not until the late 14th and early 15th centuries, as lay fashions began to change, that universities began to adopt the policy of setting down particular requirements for the shape and cut of academic dress.

Over the centuries, gowns have evolved in various forms from the original outer garment or robe commonly worn by the laity and members of the clergy, to the many modern versions for the various levels of academic awards. Hoods have developed from the head coverings worn by students in the early ages. They were especially useful in inclement weather and in the draughty cloisters of monasteries.

At Canterbury, in the 13th century, the monks' hoods were lined with fur because of the cold. Windows in those days were not glazed.

It would seem that no matter how young a university is, one of the first priorities is to adopt a style of academic dress which is distinctive.

The University of South Australia is no exception. In 1991, the University acknowledged the academic dress of its predecessor institutions and then in February 1992, the University's academic dress was determined by the Council and the first graduation ceremonies wearing the new University of South Australia academic dress occurred during April 1992. It is interesting to note that the hood chosen is of Oxford Burgon style while the gown is of the Cambridge style, an interesting link with two of the greatest European universities of the Middle Ages.

# Ceremony Tradition

## Academic Procession and stage party

The traditional custom in which dignitaries of the university enter the graduation hall is known as the academic procession. The University of South Australia's academic procession is led by higher degree graduates and members of the University Council, followed by academic staff and senior management of the University, including the Vice Chancellor. The Chancellor is the last to enter.

Academics sit at the rear of the stage and Council members in the second to front row. The front row is reserved for staff reading graduand names, the academic registrar, senior managers, the Vice Chancellor, guest speaker, honorary award recipients, special guests, and the Vice Chancellor may be represented by the Provost and Chief Academic Officer.

In some circumstances the Chancellor may be represented by the Deputy Chancellor or Pro Chancellor. The Vice Chancellor may be represented by the Provost and Chief Academic Officer.

## Academic Dress

Academic dress usually reflects the highest academic qualification of the wearer. Special ceremonial gowns are also worn and these represent the wearer's position and title. The Vice Chancellor can be recognised by the distinctive Fairford Brocade gown adorned with silver oakleaf lace, and black bonnet with blue tassel. The Chancellor's gown is also Fairford Brocade but incorporates gold oakleaf lace and notably this is worn with

a black bonnet finished with a gold tassel. If you look carefully you will see that this gown also has a combination of gold stripes on each sleeve instead of the silver stripes located on the Vice Chancellor's gown.

When representing the Vice Chancellor the Provost and Chief Academic Officer wears a black Fairford Brocade gown adorned by silver oakleaf lace.

Senior management wear a black gown with blue facing on the front and rear collar, and a black bonnet with silver tassel. The academic registrar wears a similar gown. However you will note that the blue facing is not as wide and the collar is black, and a black mortar board with blue tassel is worn. Readers wear the gown reflecting their highest award, as do Professors receiving the honorary title of Emeritus Professor, and those being awarded with the honorary title of University Fellow. Recipients of honorary Doctor of the University awards wear the prestigious blue University of South Australia honorary doctorate gown trimmed with yellow and red facing, and a red, yellow, and blue hood. A black bonnet with black tassel is the accompanying headwear.

Council members are distinguished with black silk-like gowns with red, blue, and yellow facing, and a black bonnet and gold tassel. Candidates graduating with a PhD wear a black Oxford-style gown with red facing, and those receiving professional doctorates wear the same style gown but with coloured facing representing their discipline.

## End of Ceremony

The academic recession signals the end of the ceremony and is led by the Chancellor, followed by the stage party in the reverse order to which it entered. Newly conferred graduates join the recession signalling their entry to the academic community.

## Degree types

University of South Australia students have a range of program options when undertaking their study. The following are examples of the degree titles you may hear during the graduation ceremony.

### Doctor of Philosophy

Doctor of Philosophy programs provide training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality.

### Professional Doctorate

A Professional Doctorate is a rigorous program of advanced study and research, designed specifically to meet the needs of industry and professional groups. Professional Doctorates usually consist of a blend of coursework and research.

### Honours degree

The Honours degree is a separate, stand-alone one-year program of advanced studies for students who demonstrate a high level of achievement upon completion of their pass degree program.

### Degree with Honours

A degree with Honours is a program of four or more years in duration, which includes a minimum of one year of advanced studies, for students who demonstrate a high level of achievement in the initial years of their program.

### Double degree

A double degree is a program where two contrasting and complementary programs at the same level have been combined to complement each other, such that the core elements of the two awards are undertaken simultaneously and the requirements of each award are fully met. These graduates receive two parchments.

### Co-badged degrees

A collaborative arrangement between recognised providers, resulting in a single award and may include the co-badging of a single parchment.

### Dual degrees

Collaborative partnerships between the University of South Australia and another recognised provider enable students to undertake a degree jointly facilitated by both institutions. Graduates of these programs will be issued with parchments from each institution.

University of South Australia Medal

# Pridham Hall

Pridham Hall is named to acknowledge the extraordinary benefaction and leadership of Mr Andrew Pridham AO. Mr Pridham is a proud alumnus of the UniSA Property Resource Management degree (1988).

His transformative gift to the University acknowledges his gratitude to UniSA for his 'outstanding education' as well as reflecting his belief in the positive role education can play in one's life.

Mr Pridham also believes that those that have the capacity to contribute to the broader community should do so generously and encourage others to do the same.

"The University of South Australia is an important institution very worthy of support. Universities develop minds and foster new thinking. It is a privilege for The Pridham Foundation to support UniSA and contribute to this impressive building and be a part of the process of developing future generations.

The first Pridhams arrived in South Australia in 1849, just 13 years after the proclamation of Government in SA. This is an investment of 170 years by my family and its preceding generations. South Australia is important to our family and in particular my direct family, being my parents LR (Bob) and Marie Pridham and my siblings Helen, David, Mary and Richard.

I hope for the great success of all students who pass through the doors of this great hall in the process of their studies at UniSA."  
– Andrew Pridham AO.

# You can leave your mark on UniSA

## Embed yourself in the DNA of the Pridham Hall

By building Pridham Hall we have created a new heart of the University - an iconic venue where thousands of memories will be made.

The state-of-the-art facility features a sports complex, a swimming pool, and facilities for graduations and corporate and cultural events. It is a significant part of the student experience and offers important sport and fitness services to the entire local community, including the new Health Precinct opening on North Terrace.

Under the guidance of the design teams we have selected three spaces and sculptural forms where we can permanently etch your name and your three words to live by in Pridham Hall to forever inform and inspire future generations of students.

Hundreds of graduates, staff and supporters have already donated \$1,000 to embed their name and words, or those of a loved one, into the chandelier, inverted pyramid and the swimming pool.

To find out more about how you too can participate in this unique initiative please visit [www.unisa.edu.au/pridhamhall](http://www.unisa.edu.au/pridhamhall)

## Support UniSA's Scholarship Fund

UniSA's Scholarship Fund provides scholarships, grants and prizes that recognise academic achievement and give vital financial support to students who need it most.

UniSA has more students from a disadvantaged background than any other university in South Australia, and there are many students at UniSA for whom money is a real issue. Many have multiple jobs to support themselves, some come from remote rural areas, and more than 25 per cent have little financial support at home – which puts them at risk of not completing their degrees and foregoing their dream.

The Fund supports students tackling the problems of the world as they progress through masters and PhD studies, as well as students just starting out in their undergraduate studies who are finding their purpose and inspiration.

By making a donation to the Scholarship Fund you can help future students. It is a wonderful way of giving back and acknowledging what you have accomplished. To give someone else a boost please visit [www.unisa.edu.au/scholarshipfund](http://www.unisa.edu.au/scholarshipfund)

## The Occasional Address

### Professor Robert Vink AM

*BSc (Hons), PhD, DSc, FAHMS*

Professor Vink is a neuroscientist who specialises in acute brain injury research. After completing his BSc (Hons) and PhD at Griffith University in Brisbane, he was awarded a Sandoz Postdoctoral Neuroscience Fellowship in the Neurology Department at the University of California, San Francisco where at the end of that fellowship he was appointed as an Assistant Research Professor. He was then awarded a Queen Elizabeth II Fellowship which allowed him to return to Australia and undertake research at James Cook University in Townsville, North Queensland, focusing on magnetic resonance studies of traumatic brain injury.

At the conclusion of his Fellowship, he was appointed as an academic staff member and over time became an Associate Professor and Head of Department of Physiology and Pharmacology. A period of sabbatical research as an Adjunct Professor at Georgetown University, Washington DC, inspired him to move to the University of Adelaide in 2001 where he again focused on research in the Department of Pathology. He was subsequently appointed to be the Neurosurgical Research Foundation's Chair of Neurosurgical Research and the Head of the School of Medical Sciences. In 2012, the University of Adelaide awarded him a DSc for his international contributions to neurotrauma research. Later that year, he was inducted as a fellow of the Australian Academy of Health and Medical Sciences. In 2014 he took the opportunity to join the University of South Australia as the Pro Vice-Chancellor of Health Sciences and in 2018 was made a Member of the Order of Australia (AM).

Mr Terry Evans is a highly experienced lawyer and company director of several government and not-for-profit Boards.

He served as a member of the University of South Australia's Council for 12 years until 2017. First appointed as a member of the Council in 2005 he went on to serve as Pro Chancellor from 2010 to 2017.

## The Occasional Address

### The Hon Dr Brendan Nelson AO

*BMBS, FRACP(HON), FAMA, FRSN*

Dr Brendan Nelson AO is a former Australian politician who served as the federal Leader of the Opposition from 2007 to 2008. He was a member of the House of Representatives from 1996 to 2009, as the Liberal member for the seat of Bradfield in North Sydney.

A medical doctor by profession, he came to public prominence as the Federal President of the Australian Medical Association (1993–95), and served as a Minister in the third and fourth terms of the Howard Government, serving as Minister for Education, Science and Training (2001–06) and Minister for Defence (2006–2007).

Following the 2007 federal election, at which the Howard Government was defeated, Dr. Nelson was elected leader of the Liberal Party in a contest against former Minister for Environment and Water Resources Malcolm Turnbull, and became the Leader of the Opposition in December 2007. Less than a year later, in a second contest following a spill motion, Dr Nelson lost the leadership of the Opposition and the Liberal Party to Mr. Turnbull.

On his retirement from politics he became Ambassador of Australia to the European Union, Belgium and Luxembourg as well as Australia's Special Representative to NATO. In 2012 he resigned as an ambassador and took on the role of Director of the Australian War Memorial.

## The Occasional Address

### Mr Adam Goodes

Adam Goodes is a former professional Australian Rules footballer who played for more than 16 years and holds an elite place in AFL/VFL history. He retired from AFL in 2015, leaving the field as the Swans' games record holder on 372, and was one of the most decorated players of all time. Some of the many accolades Mr Goodes received during his career include: the prestigious Rising Star medal in his debut year (1999); leading his team as co-captain (2009-2012); celebrating premierships (2005 and 2012); and being awarded the AFL's highest honour, the Brownlow Medal which he won twice (in 2003 and 2006).

An Andyamathanha and Norungga man born in Wallaroo South Australia, Mr Goodes is proud of his heritage and passionate about eliminating discrimination in society. His commitment to invigorate support pathways for communities led to the creation of the Goodes-O'Loughlin Foundation (GO Foundation) with fellow Indigenous teammate Michael O'Loughlin to create opportunities for Indigenous youth through education.

Mr Goodes is also Chief Executive Officer of the Indigenous Defence Consortium which was established to help Indigenous businesses and entrepreneurs capitalise on the National Innovation and Science Agenda by delivering skills, innovations, services and supplies to Australian infrastructure projects in the defence sector.

Mr Goodes was named the 2014 Australian of the Year in recognition of his empowering the next generation of Indigenous role models and as an advocate for the fight against racism.
