In 2019, UniSA geared up for a future that is being transformed by technology, both in the way industry operates and in the expectations of our students.

As a key commitment in the University's strategic plan, *Enterprise25*, UniSA introduced a program-focused organisational structure. This will allow us to achieve our ambitions and ensure that we continue to deliver quality teaching, research and student outcomes.

2020

Despite the phenomenal impact of the bushfires, followed closely by the COVID-19 pandemic which closed down much of the nation, UniSA proved unstoppable, swiftly moving our teaching online.

The University continued to feature in the world's top 50 under 50 in both THE (#25) and QS (#29), solidifying our status as one of the best young universities.

UniSA business education and research was awarded another significant international endorsement, earning the Association to Advance Collegiate Schools of Business (AACSB) international business accreditation. This was coupled with a full five-year reaccreditation from the leading international network for management development (EFMD).

2021

In 2021, UniSA celebrated 30 unstoppable years. Since our creation in 1991, we have been continuously recognised as one of the world's best young universities by both THE and QS, and ranked #1 in South Australia for graduate outcomes, student satisfaction, campus facilities, student services and teaching quality by QILT.

We boast the most diverse student community in the state, and the largest number of students with a non-English speaking background, disability or low socio-economic status. UniSA also has the state's largest cohort of regional and Aboriginal students, along with the most female students completing studies in non-traditional areas.

In 2021, a significant educational figure in the University's history was honoured, when the late Emeritus Professor Denise Bradley AC became the namesake of the Bradley Building. Located on North Terrace, the Bradley Building is home to UniSA's Centre for Cancer Biology and MOD.

Towards the end of our 30th year we honoured leading Kaurna thinker, philosopher and educator Lewis Yarlupurka O'Brien by re-naming our Law Building. Uncle Lewis has worked tirelessly to create opportunity for Aboriginal Peoples over many decades, and the Lewis O'Brien Building will be the future home of UniSA's Aboriginal Knowledges Centre, a community gathering space to foster cultural connections and knowledge sharing.

2022

Early in 2022 we welcomed the return of many of our international students, who once again brought our campuses to life with their vibrant multicultural perspectives.

2022 saw UniSA expand and develop our already strong relationships with industry through two major initiatives.

In partnership with Fortune 500 global professional services company Accenture, we launched the Innovation Academy in Digital Business, transforming business and digital skills education in Australia.

We also unveiled the virtual component of our Enterprise Hub, in a major restructure of UniSA's industry engagement process.

The Enterprise Hub is a new public facing entity aimed at providing businesses, communities, and organisations access to the full range of the Universities services. In September 2022, iconic actor George Takei joined us for the official dedication of the site for the physical Enterprise Hub in Light Square, planting a time capsule with Vice Chancellor Professor David Lloyd.

In 2022, we also saw the first of our new Visiting Research Fellows arrive. Over five years, UniSA will welcome 500 fellows from top-100-ranked institutions from around the world, along with Aboriginal and Torres Strait Islander researchers and researchers from DFAT-aid assisted countries.

2023

Following the digital launch of our Enterprise Hub in 2022, 2023 saw us open the doors to the physical Enterprise Hub. The Hub building was bestowed the Kurna name Yangadlitya Kumangka, meaning 'for the future, together', and, among other activities, hosted the launch of our Stretch Reconciliation Action Plan 2023–2025, which commits us to the creation of an Aboriginal Knowledges Centre and deeper two-way engagement with Aboriginal communities.

2023 saw UniSA ranked as Australia's number one university for graduate employability and move into the top 100 universities in the world for industry engagement. Highlighting our strength in both these areas, 2023 saw us launch our Global Executive MBA in Defence and Space, which is training leaders from the defence and space sectors in Australia, the US and the UK through a global program to support the AUKUS alliance.

2023 also saw UniSA make bold plans for the future, committing to creating a new university in South Australia in partnership with the University of Adelaide, supported by the State government. Legislation passed through the State parliament in November 2023, and the new institution, which will be known as Adelaide University, will open in January 2026.

2024

UniSA remained focused on delivering an exceptional student experience while preparing for an exciting new chapter. In May, the Honourable John Hill was appointed Chancellor. A former schoolteacher, John had a distinguished career as a South Australian parliamentarian, holding portfolios including Minister for Environment and Conservation, Minister for Health, and Minister for the Arts across 16 years in office.

As the Hon John Hill assumed the role of Chancellor, we farewelled his predecessor, Pauline Carr, after more than five years of service. Pauline was subsequently appointed Chancellor of the Adelaide University Transition Council.

After much anticipation, Adelaide University was unveiled and launched onto the global stage.

2025

UniSA's research excellence and enterprising culture was reflected in Adelaide University's debut ranking in the global top 100. In another first, Adelaide University was gifted the Kurna name Tirkangkaku, meaning *Place of Learning*.

2025 UniSA graduates will carry forward UniSA's legacy while also becoming part of something new – joining Adelaide University's global alumni community. This cohort is more than 400,000 strong and includes a diverse network of changemakers, united by purpose and excellence.

Processional Music

Ancient Land Processional

The processional music played at the start of the graduation ceremony has been composed by Deborah Cheetham AO. The work is sung by the Ngarrindjeri Women's Choir and the Marryatville Concert Choir, supported by the Adelaide Symphony Orchestra, conducted by Nicholas Buc.

"From the beginning I wanted this processional to be a powerful reminder that knowledge has been passed for more than 2000 generations on the lands that the University now occupies. For that reason it was essential to include the traditional language groups from each of the campuses of the University of South Australia - Kurna (Adelaide), Boandik (Mt Gambier) and Barngarla (Whyalla). Ancient Land Processional is music for ceremony and for celebration. I wanted this work to convey the importance and excitement of one of life's great rites of passage – the graduation ceremony".

- Deborah Cheetham AO

Deborah Cheetham AO

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years. In the 2014 Queen's Birthday Honours List, Deborah was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

As a composer Deborah has received numerous commissions since the success of her opera Pecan Summer (2010) and now specialises in working with traditional languages.

The Ngarrindjeri Women's Choir

Singing is an essential part of identity in Aboriginal culture. The women who gather to sing in Murray Bridge do so because it is part of who they are as Aboriginal women. These women have performed for many important events over the past decade but are never happier than when singing in community and passing on culture through song.

Deborah Cheetham AO

The Marryatville Concert Choir – Aldis Sils Musical Director

The choir is one of the many co-curricular ensembles at Marryatville High School's internationally acclaimed Special Interest Music Centre. The choir is recognised as one of the best school choirs in Adelaide. In the past decade it has won competitions in Adelaide (Adelaide Choral Eisteddfods), Sydney (Sydney Performing Arts Challenge, ABC Classic FM Choir of the Year State Champion 2006), and internationally (Tallinn International Choral Festival 2007). The choir has toured Central Europe including concerts at the Kodaly School in Kecskemet. The choir performs a wide variety of repertoire in a range of styles, and where possible in original languages.

Adelaide Symphony Orchestra

Established in 1936, the internationally acclaimed Adelaide Symphony Orchestra is South Australia's largest performing arts organisation. Today the ASO plays a major role in Adelaide's cultural and economic vibrancy, and enriches the community through a diverse program of world-class performances to more than 90,000 concertgoers each season. The Ancient Land Processional orchestral music was performed by the ASO, conducted by Nicholas Buc and recorded in Adelaide's ABC studios.

History of Academic Dress

Academic dress has a long history, almost as long as that of universities themselves. It began with the foundation of the European universities in the 12th and 13th centuries. Until that time, education was carried out within the monasteries, such as one at Oxford where divinity, philosophy and arts were studied as early as the 8th century.

It was not until the 12th century that groups of teachers and students gathered together for classes outside monastery walls in a move that was recognisable as the beginnings of universities. Two of the outstanding schools at that time were in Bologna and Paris. During the 13th century the Roman legal word *universitas* became a common name for study groups. The third great university of the Middle Ages, Oxford, emerged at that time. Much of the symbolism of academic dress is bound up with the history of those early universities which have influenced the creation and maintenance of a distinctive form of dress.

In the earliest times, university statutes concerning academic costume were somewhat vague, and it was not until the late 14th and early 15th centuries, as lay fashions began to change, that universities began to adopt the policy of setting down particular requirements for the shape and cut of academic dress.

Over the centuries, gowns have evolved in various forms from the original outer garment or robe commonly worn by the laity and members of the clergy, to the many modern versions for the various levels of academic awards. Hoods have developed from the head coverings worn by students in the early ages. They were especially useful in inclement weather and in the draughty cloisters of monasteries.

At Canterbury, in the 13th century, the monks' hoods were lined with fur because of the cold. Windows in those days were not glazed.

It would seem that no matter how young a university is, one of the first priorities is to adopt a style of academic dress which is distinctive.

The University of South Australia is no exception. In 1991, the University acknowledged the academic dress of its predecessor institutions and then in February 1992, the University's academic dress was determined by the Council and the first graduation ceremonies wearing the new University of South Australia academic dress occurred during April 1992. It is interesting to note that the hood chosen is of Oxford Burgon style while the gown is of the Cambridge style, an interesting link with two of the greatest European universities of the Middle Ages.

Ceremony Tradition

Academic Procession and stage party

The traditional custom in which dignitaries of the university enter the graduation hall is known as the academic procession. The University of South Australia's academic procession is led by higher degree graduates and members of the University Council, followed by academic staff and senior management of the University, including the Vice Chancellor. The Chancellor is the last to enter.

Academics sit at the rear of the stage and Council members in the second to front row. The front row is reserved for staff reading graduand names, senior managers, the Vice Chancellor, guest speaker, honorary award recipients, special guests, and the Chancellor.

In some circumstances the Chancellor may be represented by the Deputy Chancellor or Pro Chancellor. The Vice Chancellor may be represented by the Provost and Chief Academic Officer.

Academic Dress

Academic dress usually reflects the highest academic qualification of the wearer. Special ceremonial gowns are also worn and these represent the wearer's position and title. The Vice Chancellor can be recognised by the distinctive Fairford Brocade gown adorned with silver oakleaf lace, and black bonnet with blue tassel. The Chancellor's gown is also Fairford Brocade but incorporates gold oakleaf lace and notably this is worn with a black bonnet finished with a gold tassel. If you look carefully you will see that this gown also has a combination of gold stripes on each sleeve instead of the silver stripes located on the Vice Chancellor's gown.

The Provost and Chief Academic Officer and the Deputy Vice Chancellor: Research and Enterprise wear a black Fairford Brocade gown adorned by silver oakleaf lace.

Senior management wear a black gown with blue facing on the front and rear collar, and a black bonnet with silver tassel. Readers wear the gown reflecting their highest award, as do Professors receiving the honorary title of Emeritus Professor, and those being awarded with the honorary title of University Fellow. Recipients of honorary Doctor of the University awards wear the prestigious blue University of South Australia honorary doctorate gown trimmed with yellow and red facing, and a red, yellow, and blue hood. A black bonnet with gold tassel is the accompanying headwear.

Council members are distinguished with black silk-like gowns with red, blue, and yellow facing, and a black bonnet and gold tassel. Candidates graduating with a PhD wear a black Oxford-style gown with red facing, and those receiving professional doctorates wear the same style gown but with coloured facing representing their discipline.

End of Ceremony

The academic recession signals the end of the ceremony and is led by the Chancellor, followed by the stage party in the reverse order to which it entered. Newly conferred graduates join the recession signalling their entry to the academic community.

2023 Alumni Award Recipients

Henrietta Marrie AM
Graduate Diploma of Art
(Indigenous Studies)

While she was still a teenager it was foretold that **Henrietta Marrie AM** would “travel over lots of waters.” While she did not think much of it at the time, this most certainly came to pass when she became the first Aboriginal Australian to be appointed to a United Nations agency. Based in Montreal, Henrietta travelled the world advocating for the interests of 1.2 billion people.

Elaine Bensted
Master of Business Administration

When a fear of needles and the sight of blood put paid to her aspirations to become a vet, **Elaine Bensted** put her tertiary education on hold and took a job in a bank while she considered her future. She stayed for 17 years. Then, looking to consolidate and transfer her skills, she completed a Master of Business Administration at UniSA and moved into the public sector. Today, she works in the not-for-profit arena as Chief Executive of Zoos South Australia.*

Arman Abrahimzadeh OAM
Bachelor of Interior Architecture

While **Arman Abrahimzadeh OAM** was in his early 20s, his mother passed away in tragic circumstances. Inspired by the support of the community and by joining forces with his two sisters, the Zahra Foundation was established in her honour. With the Foundation operating successfully in South Australia and now Newcastle, Arman continues to draw on his own experience to help others.

Robert Hill-Smith
Bachelor of Business

A member of the fifth generation of the descendants of Samuel Smith, founder of Yalumba, Australia's oldest family-owned winery, **Robert Hill-Smith** once had aspirations of becoming a sports photographer. However, after completing his schooling, he worked as a “cellar rat” during vintage at Yalumba and found he enjoyed the process, the people and the science. He went on to become one of the industry's youngest managing directors and a respected businessman.

Pridham Hall / Yangadlitya Wardli

Pridham Hall is named to acknowledge the extraordinary benefaction and leadership of Mr Andrew Pridham AO DUniv. Mr Pridham is a proud alum of the UniSA Property Resource Management degree (1988).

His transformative gift to the University acknowledges his gratitude to UniSA for his “outstanding” education as well as reflecting his belief in the positive role education can play in one’s life. Mr Pridham also believes that those that have the capacity to contribute to the broader community should do so generously and encourage others to do the same.

“The University of South Australia is an important institution very worthy of support. Universities develop minds and foster new thinking. It is a privilege for The Pridham Foundation to support UniSA and contribute to this impressive building and be a part of the process of developing future generations.

The first Pridhams arrived in South Australia in 1849, just 13 years after the proclamation of Government in SA. This is an investment of 170 years by my family and its preceding generations. South Australia is important to our family and in particular my direct family, being my parents LR (Bob) and Marie Pridham and my siblings Helen, David, Mary and Richard. I hope for the great success of all students who pass through the doors of this great hall in the process of their studies at UniSA.”– Andrew Pridham AO DUniv.

Douglas Gautier's AM career in the arts spans nearly five decades across the UK, Hong Kong and Australia.

After graduating from Flinders University in 1975 with a Bachelor of Arts, Douglas began as a trainee director and actor with the South Australian Theatre Company. In 2006, Douglas became the CEO and Artistic Director of the Adelaide Festival Centre, a position which he held until 2024. During this time, he initiated a major program-led revival which increased audiences and positioned the Centre as a hub for Asian-Australian cultural engagement. He also led the redevelopment of the award-winning Her Majesty's Theatre.

In 2015, under Douglas' leadership, Adelaide became Australia's first and only UNESCO City of Music. A year later, he was appointed a Member of the Order of Australia for his contributions to the arts.

The Occasional Address

Commissioner Grant Stevens

B.Bus, Grad Cert Mgmt, APM, LEM

Commissioner Grant Stevens APM LEM has dedicated over 40 years to public service with South Australia Police, culminating in his appointment as Commissioner in 2015. Renowned for his commitment to community safety and justice and reform, he has led critical efforts in areas such as organised crime, child protection, domestic violence prevention and public health emergency response.

Commissioner Stevens played a pivotal role during the COVID-19 pandemic as South Australia's State Emergency Coordinator. His calm, consistent leadership and clear communication helped guide the state through the global crisis, ensuring public trust and the effective implementation of health measures that protected lives.

Throughout his career, he has led some of the state's most complex policing operations, including the suppression of outlaw motorcycle gangs, the establishment of SAPOL's Paedophile Task Force, the targeting of organised crime and improving SAPOL's response to family and domestic violence. His contributions have delivered justice, strengthened legal frameworks and enhanced public safety.

Beyond operational leadership, Commissioner Stevens has driven significant organisational change within SAPOL, championing reform in frontline service delivery and demand management, advancing gender equality, and advocating for the elimination of harassment and discrimination in the workplace.
