& Employee Benefits

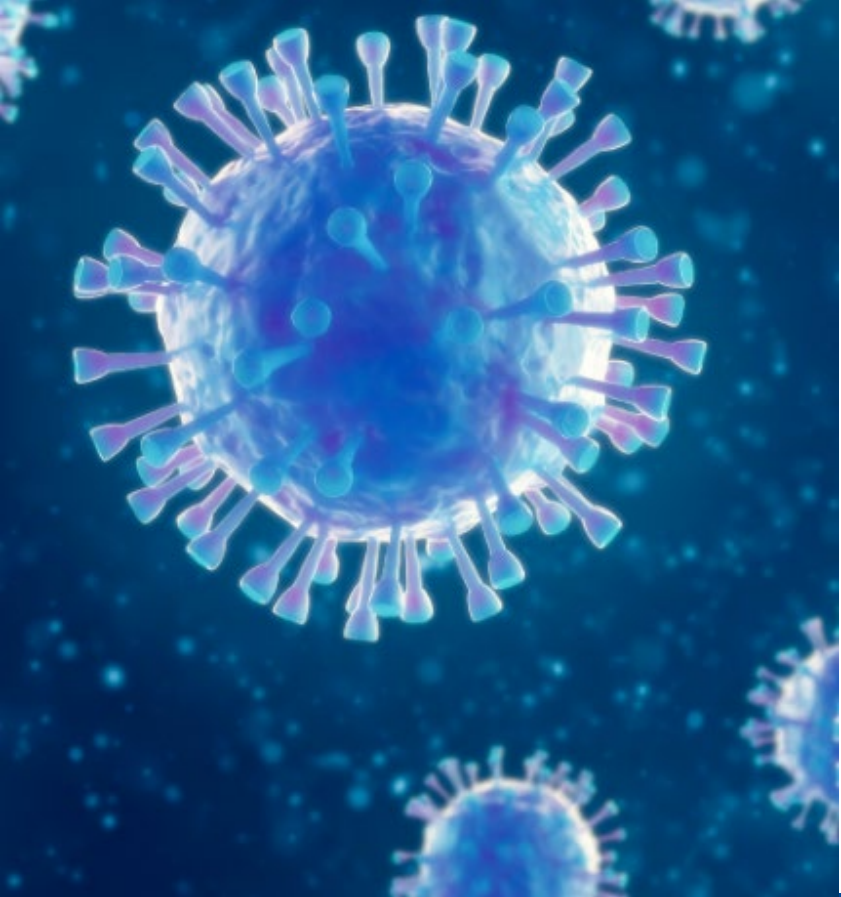

Wellbeing & Safety

Leadership

Copyright © 2019 Sents Pty Ltd.

- Safety and wellbeing leadership is no different than leadership of any other business topic.
- It starts with caring about people which generates trust. Trust is critical to leading safety as it generates good communication where ideas are shared.

Leadership through a Pandemic

South Australia

Current and Future Focus

- Aging workforce (chronic illness)
- Mental health
- Working from home/other i.e. Teleworking
- Online teaching

Top 3 Skills for Work 4.0

The World Economic Forum has forecast that the top three “skills you need to thrive in the fourth industrial revolution” are “complex problem-solving”, “critical thinking” and “creativity”.

Exercise

Applying complex problem solving techniques, creativity and critical thinking how would we support this person?

A staff member who works in an essential area of the University is not performing well, she

- has depression
- has a physical disability
- is 64 years old.
