## Dear <Students First Name>

To ensure you are adequately supported and able to complete your program, we regularly monitor your academic progress .

For 1st Review Period 2022 you have:

- Failed 50% of your courses in this review period *and*

- Failed a practicum or clinical placement

## What does this mean for my studies?

### Academic Progress

As this is the first time you have been identified as making unsatisfactory progress in a review period you are now at Notification 1.

You should change your approach towards your study to prevent progression to NOT2 or 3.
