YOUR ACADEMIC PROGRESS RESULTS

Dear <Student Name>

Following a preliminary review of appeals, the Preclusion Appeals Committee have decided to uphold your appeal. **This means you will not be precluded and will be allowed to continue your studies.** The committee agreed that you have a clear plan for success moving forward.

Action Required

Where you are experiencing medical issues, please ensure you are continuing to seek support. Also consider reducing your study load (if possible) until your health or situation improves. For international students, please note that a reduced study load must be approved by the [Student Engagement Unit \(SEU\)](#). Additionally, don't forget to take advantage of and understand that [Census](#) is there for you to drop courses without any financial or academic penalty.

It is also recommended that in future you will take advantage of the [student support services available](#) to you and ensure that any academic concerns are discussed with your Program Director/Facilitator before they impact your studies.

To help formulate a path to success and be able to continue studying, you are required to complete an Academic Support Plan. Simply click the button below to begin the Plan questionnaire. You need to have completed the Academic Support Plan within the next 10 working days.

Important Information

- If you do not act on this advice and receive a further notification of unsatisfactory progress, you may be [precluded](#) from your program and related disciplines at UniSA for a period of 2 years.
- **If you are an international student and hold a student visa**, preclusion from your program constitutes a breach of your student visa. The University is required by law to notify the Department of Home Affairs if you are precluded from your program. [This results in the cancellation of your Confirmation of Enrolment \(CoE\) and may affect your student visa.](#)
