ACADEMIC REVIEW

Dear Ben

At UniSA we regularly review the academic progress of our students throughout the year. The aim is to help students who are identified as making unsatisfactory progress in their studies to take steps to get their studies back on track.

As part of your success strategy we asked you to complete an Academic Support Plan. We thought that now would be a good time to remind you to review your plan and progress this study period, and to reach out for support if you need help.

We are here to support you

At UniSA we have a wide range of free support services available. To set yourself up for future success, we strongly recommend that you take advantage of the many supports UniSA offers.

- **[Academic Learning Support](#)**

Provides a range of online resources, workshops and learning support services, all aimed at helping you through your courses and assessments.

- **[Counselling Services](#)**

Provide confidential short-term counselling to help with managing any personal issues that could affect your studies.

- **[Access and Inclusion Services](#)**

Provide advice and guidance in relation to access, adjustments and inclusive practices for students who have a disability, impairment or chronic health condition and those with significant caring responsibilities.
