SIGNATURE.....DATE.....

CONDITIONS AND BY-LAWS

I acknowledge/undertake/accept that:

- This is my only application for a parking and is made on the basis of 'home' campus only for the vehicles provided on front of form,
- I must comply with all traffic and parking rules by observing parking, road marking, directional and control signs within the University grounds as per the 'University of South Australia Act, 1990' by-laws and to pay any fee which may become payable by virtue of the said by-laws,
- Ignorance of parking regulations is not an excuse for illegal parking. All complaints or enquiries must be directed in writing to the FM Assist Office on the campus concerned,
- While parked pursuant to the above mentioned by-laws neither the University nor any of its authorised persons are liable for any loss or damage to my vehicle or contents,
- Authorised persons have full control of car parking areas and have the right to order the removal of vehicles and/or persons creating a nuisance.
- Designated Accessible parking entitles the holder to park on university grounds in the relevant area, *if there is a park available in that area*, but does not guarantee that a parking space will be available,
- Adjunct parking entitles the holder to park, if there is a space available, in any staff unreserved parking area on any campus, excluding City East and City West campuses.
- If for any reason you require to bring another car on campus and it does not have your normal parking permit, please report to FM Assist where you will be issued with a casual parking permit valid for that day.
