A = Number of meetings attended.

B = Number of meetings held during the time the member held office or was a member of the committee during the year.

*Meetings attended in the capacity of Acting Vice-Chancellor during the period 1 July - 1 August 2021, and 5 September - 10 October 2021.

Principal activities

The principal continuing activities of the Group are:

- To preserve, extend and disseminate knowledge through teaching, research, scholarship, consultancy or any other means;
- To provide tertiary education in such disciplines and areas of study as the University thinks appropriate to meet the needs of industry, commerce, the professions or any other section of the community;
- To provide such tertiary education programs as the University thinks appropriate to meet the needs of Aboriginal people;
- To provide such tertiary education programs as the University thinks appropriate to meet the needs of groups within the community that the University considers have suffered disadvantages in education;
- To provide educational programs for the benefit of the wider community or programs for the enhancement of the diverse cultural life of the community, as the University thinks fit; and
- To foster and further an active corporate life within the University.

There were no significant changes in the nature of the activities of the Group during the 2021 year.

Review of operations

The 2021 consolidated surplus was \$53.3 million (2020: \$21.3 million). The surplus resulted in a safety margin (operating result as a percentage of total income) of 7.8% (2020: 3.1%). Income decreased by 2.5% to \$678.8 million while expenses fell by 7.4% to \$625.0 million.

The University's consolidated financial position remained sound during the 2021 year with net assets of \$1,383 million (2020: \$1,282 million). Cash balances increased to \$395.3 million at year end (2020: \$303.2 million).

Consolidated cash flows from operating activities in 2021 were \$101.1 million (2020: \$94.9 million).

Changes in the state of affairs

In the opinion of the members of the University Council there were no significant changes in the state of affairs of the Group that occurred during the 2021 year not otherwise disclosed in this report or elsewhere in the Annual Review.

Subsequent events

The University holds shares in IDP Education Limited. On 1 March 2022 the University sold 50% of its shareholding in IDP Education Limited resulting in net cash proceeds of \$25.8m.

No other matters or circumstances have arisen since the end of the financial year and the date of this report, that significantly affected or may significantly affect the operation of the University or the Group, the results of those operations, or the state of affairs of the University or the Group in future periods.

Environmental regulation

The Group's operations are subject to various environmental regulations under both Commonwealth and State legislation. The significant environmental regulations applying to the Group are Dangerous Substance Act (1979), Radiation Protection and Control Act (1982) and the Environmental Protection Act (1993).

Members of the University Council are not aware of any significant breaches during the period covered by this report.

Insurance of officers

The University has paid insurance premiums in respect to Directors and Officers liability, Directors and Officers supplementary legal expenses and statutory liability, for current and former members of University Council and officers.

Directors and Officers liability insurance does not cover acts that are fraudulent, dishonest or criminal. Statutory liability insurance does not cover breaches that are wilful, intentional or deliberate.

Legal proceedings on behalf of the Group

There are no legal proceedings on behalf of the Group that have arisen during the 2021 year or subsequent to year end that affect significantly the operations of the Group.

This report is made in accordance with a resolution of the members of the University Council in Adelaide, South Australia on 10 May 2022.

s Pauline Carr Chancellor

Professor David G. Lloyd Vice Chancellor and President

1. Summary of significant accounting policies

General information

The principal accounting policies adopted in the preparation of these financial statements are set out below and where applicable, throughout the notes to the accounts. These policies have been consistently applied to all the years reported, unless otherwise stated. The financial statements include separate statements for the University of South Australia (the University) and the University and its subsidiaries (the Group).

(a) Basis of preparation

The annual financial statements represent the audited general purpose financial statements which have been prepared on an accrual basis in accordance with Australian Accounting Standards (AAS), AASB Interpretations, requirements of the Department of Education, Skills and Employment (EDUCATION), the requirements of the *Australian Charities and Not-for-Profits Commission Act 2012* and other State / Australian Government legislative requirements.

The University applies Tier 1 reporting requirements. Except where in conflict with EDUCATION requirements, the financial statements are prepared in accordance with the relevant South Australian Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987*.

Historical cost convention

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for certain assets and liabilities that were valued in accordance with the applicable valuation policy.

Critical accounting estimates

The preparation of these statements requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the University's accounting policies. All significant estimates or assumptions made in the preparation of the financial statements are described in the relevant accounting policy notes. The estimates and underlying assumptions are reviewed regularly.

The areas involving a high degree of judgement where assumptions and estimates are significant to the financial statements are other financial assets, superannuation receivable and associated defined benefit obligation, long service leave provision, valuation and depreciation of property, plant and equipment and the recognition of revenue over time in accordance with AASB 15. Further details are disclosed in the relevant notes to the financial statements.

Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed regularly. Revisions to accounting estimates are recognised in the period which it effects. If the revision affects both current and future periods, the revision is recognised in the period of the revision and future periods.

Rounding of amounts

Unless otherwise indicated, all amounts are rounded to the nearest thousand dollars.

Comparative amounts

Where necessary, comparative information has been reclassified to enhance comparability in respect of changes in presentation adopted in the current year.

(a) Basis of preparation (continued)

Foreign currency translation

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the dates of the transactions. Foreign exchange gain and loss resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

(b) Basis of consolidation

The consolidated financial statements represent the financial statements of the parent entity, being the University of South Australia, and the assets, liabilities and results of all entities it controlled in accordance with AASB 10 *Consolidated Financial Statements* at the end of, or during the financial year. Control is established when the parent is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

Transactions, balances and unrealised gain on transactions between Group entities are eliminated. Where necessary, accounting policies of subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

A list of controlled entities are contained in Note 32. Subsidiaries of the financial statements.

(c) Goods and Services Tax (GST)

Revenues and expenses are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the ATO is included in receivables or payables in the Statement of Financial Position.

Cash flows are presented in the Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(d) Income tax

The University is exempt from income tax pursuant to Division 50 of the *Income Tax Assessment Act 1997*. The University subsidiaries are not exempt from income tax.

Income tax expense or benefit for the period is calculated as the tax payable on the current period's taxable income based on the income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses. Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities extinguished.

In relation to foreign operations, the University is subject to tax associated with the legislation of the relevant foreign country. Tax in respect of these operations has been brought to account in the year it is incurred.

(e) Interests in Co-operative Research Centres

The University participates in a number of Co-operative Research Centres (CRC) listed below. A CRC is a research initiative of the Australian Government established to pursue specific areas of research and supports industry-led collaborations between researchers, industry and the community.

The University participates in the below listed CRCs but does not record them as either Joint Operations or Associates as the University does not control or have any significant influence in these entities. The University does not record any of the CRC entities as investments in the financial statements.

During 2021 the University provided both cash and in-kind contributions to support the work of CRCs.

The Co-operative Research Centres are:

CRC for Transformations in Mining Economies Digital Health CRC Future Energy Exports CRC Innovative Manufacturing CRC iMove CRC MinEx CRC Reliable Affordable Clean Energy for 2030 CRC SmartCrete CRC SmartSat CRC

(f) Revenue and Income

The notes 2 to 6 disclose the revenue and income received during the year according to the mandatory disclosures required by EDUCATION. The disclosures required by AASB 15 and AASB 1058 are included in the notes and a reconciliation is included in note 7.

(i) Basis for disaggregation

Sources of funding: the Group receives the majority of funds from the Australian Government as well as State and Local Government to further its objectives. In addition the Group also receives revenue and income from private organisations and individuals.

Revenue and income streams: the major revenue and income streams are as follows:

<u>Teaching</u>: the Group has domestic and overseas students enrolled in a variety of programs for different qualification levels. Whilst, the number of domestic students is affected by national economic factors such as interest rates or unemployment, the overseas students are impacted by the changes in the immigration policies.

<u>Research</u>: the Group performs research activities across multiple fields. The Group enters into many different types of research agreements with different counterparties, such as with private sector customers and Government agencies that award research grants. Each agreement needs to be assessed as to whether it is an enforceable arrangement and contains sufficiently specific promises to transfer outputs from the research to the customer (or at the direction of the customer). Judgement is required in making this assessment. The Group has concluded that some research agreements represent a contract with a customer whereas other research grants are recognised as income when the Group obtains control of the research funds.

<u>Other fees and charges</u>: these correspond to the complementary services provided by the Group such as parking and access to fitness and recreational activities.

(f) Revenue and Income (continued)

Revenue from Contracts with Customers as per AASB 15

(ii) Accounting policies and significant accounting judgement and estimates

Course fees and charges

The course fees and charges revenue relate to undergraduate programs, graduate and professional degree programs and continuing education and executive programs.

The revenue is recognised over time as and when the course is delivered to students over the study period.

When the courses have been paid in advance by students or the Group has received the government funding in advance (e.g. before starting the academic period) the Group recognises a contract liability until the services are delivered.

The Group does have refund obligations. This is mainly applicable when the goods are not provided or contracted services are not delivered.

There is no significant financing component, as the period from when the student pays and the service is provided is less than 12 months and the consideration is not variable.

Research

Revenue recognition for research funding is dependent upon the source of the funding and the nature of the transaction.

The following specific research revenue recognition criteria have been applied:

 Funding received from Australian Research Council, National Health and Medical Research Council, and from non government entities. These are enforceable agreements and the performance obligations in those agreements are sufficiently specific.

The research grants that are considered within the scope of AASB 15 meet the enforceability criteria due to the existence of refund clauses in the agreements with the grantor and the promises to transfer good or services to the customer (or on behalf of the customer) are sufficiently specific. The obligations may include:

- Comprehensive academic paper with the results of the research after completion
- Publishing research data and results on an ongoing basis in an openly accessible repository as requested by the grantor
- Intellectual property

Depending on the nature of the promise, the Group either recognises revenue at a point in time when the promise is delivered (e.g. when the comprehensive academic paper is published) or recognises revenue over time as the service is performed (e.g. as the customer obtains control of the intellectual property as it is created).

(f) Revenue and Income (continued)

(ii) Accounting policies and significant accounting judgement and estimates (continued)

Other fees and charges

Other fees and charges revenue relate to the provision of services such as student services and amenities fees, parking fees, fitness and recreational services.

Revenue is recognised over time as and when the service is provided over the period.

Royalties

Royalties that are within the scope of AASB 15 mainly relate to the use of intellectual property. The revenue is recognised at a point in time when the use of intellectual property has occurred.

Contract Assets

Contract Assets represent research grants which have met performance obligations in accordance with funding agreements, however, funding has not been received.

Contract Liabilities

Contract Liabilities represent research and teaching grants for which funding has been received by the University, to provide future services to funding providers and students.

(iii) Unsatisfied performance obligations

Remaining performance obligations represent services the Group has promised to provide to customers which are satisfied as the goods or services are provided over the contract term. For customer contracts with terms of one year or less, or where revenue is recognised using the 'right to invoice' method of recognising revenue, as permitted under AASB 15, disclosures are not required in relation to the transaction price allocated to these unsatisfied performance obligations.

These unsatisfied performance obligations are expected to be satisfied during 2022 (within 1 year).

Contract liabilities for unsatisfied performance obligations are included in note 23.

(f) Revenue and Income (continued)

Income of not-for-profit as per AASB 1058

(iv) Accounting policies and significant judgements and estimates

Capital grants

Capital grants are generally received to acquire or construct a non-financial asset, such as a building. Income is recognised over time, as the building is constructed. Income is recognised to the extent of costs incurred to date as the costs of construction are the best measure of the stage of completion.

Donations and bequests

The income is recognised immediately when the funds are received.

Accounting Policy

Interest income is recognised as it accrues. For all debt instruments measured at amortised cost and equity instruments measured at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised only when it is declared, determined or recommended by external entities before the 31 December reporting date.

| Net Loss on disposal of property, plant and equipment | 10 | 166 | 10 | 166 |

12. Cash and cash equivalents

| | Consolidated | | University | |
|---------------------------------|--------------|---------|------------|---------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Cash at bank and on hand | 3,898 | 3,714 | 3,765 | 3,483 |
| Deposits at call | 391,425 | 299,505 | 388,131 | 298,189 |
| Total cash and cash equivalents | 395,323 | 303,219 | 391,896 | 301,672 |

Cash at bank and on hand

During the year Cash at bank and on hand earned an average interest of 0.05% (2020: 0.11%) and interest was credited to the University on a monthly basis.

Deposits at call

During the year Deposits at call earned interest at a fixed rate which ranged between 0.31% and 1.50% (2020: range between 0.50% and 2.80%). These deposits had an average maturity of 427 days (2020: 342 days).

Accounting Policy

Cash and cash equivalents includes cash at bank and on hand, deposits held at call with financial institutions and other highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

13. Receivables

| | Consolidated | | University | |
|--|--------------|---------|------------|---------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Trade debtors | 11,503 | 11,115 | 11,302 | 10,802 |
| Less: Provision for impaired receivables | (643) | (252) | (643) | (252) |
| | 10,860 | 10,863 | 10,659 | 10,550 |
| Student fees | 6,048 | 7,234 | 6,048 | 7,234 |
| Less: Provision for impaired receivables | (3,117) | (2,289) | (3,117) | (2,289) |
| | 2,931 | 4,945 | 2,931 | 4,945 |
| Imputation Credits receivables | 26,791 | 2,120 | 26,791 | 2,120 |
| Commonwealth receivables | 2,917 | 4,647 | 2,917 | 4,647 |
| Contract Assets | 3,194 | 3,531 | 3,194 | 3,531 |
| Other | 3,374 | 3,093 | 3,374 | 2,445 |
| Total receivables | 50,067 | 29,199 | 49,866 | 28,238 |

Trade receivables are non-interest bearing and are generally on terms of 14 to 30 days.

Contract Assets represent research activities which have met performance obligations in accordance with funding agreements, however, funding has not been received. The classification of contract assets as current was made on the basis that all projects with expenditure in advance will be invoiced within 12 months. Contract Assets are evaluated for impairment.

13. Receivables (continued)

(a) Impaired receivables

Movements in the Trade debtors provision for impaired receivables are as follows:

| ······ | Consolidated | |
|--|--------------|--------|
| | 2021 | 2020 |
| | \$'000 | \$'000 |
| At 1 January | 252 | 295 |
| Provision for impairment recognised during the year | 569 | 153 |
| Receivables written-off during the year as uncollectible | (103) | (118) |
| Unused amount reversed and debts collected | (75) | (78) |
| At 31 December | 643 | 252 |

Movements in the Student fees provision for impaired receivables are as follows:

| | Consolidated | |
|--|--------------|--------|
| | 2021 | 2020 |
| | \$'000 | \$'000 |
| At 1 January | 2,289 | 580 |
| Provision for impairment recognised during the year | 1,266 | 2,095 |
| Receivables written-off during the year as uncollectible | (417) | (361) |
| Unused amount reversed and debts collected | (21) | (25) |
| At 31 December | 3,117 | 2,289 |

Concolidated

The creation and release of the provision for impaired receivables has been included in 'Bad and doubtful debts expense' in the Statement of Comprehensive Income. Amounts charged to the provision account are written-off when there is no expectation of recovering additional cash.

The other amounts within receivables do not contain impaired assets and are not past due. Based on credit history, it is expected that these amounts will be received when due.

(b) Foreign exchange and interest rate risk

The carrying amount of the Group's receivables are denominated in Australian Dollars.

(c) Fair value and credit risk

Due to the short-term nature of these receivables, their carrying amount is assumed to approximate their fair value.

13. Receivables (continued)

Accounting Policy

Trade debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Trade debts are generally due for settlement no more than 14 days from the date that invoice was issued for domestic Australian debtors, and no more than 30 days for Overseas/International debtors. Any exceptions to these payment terms for both Domestic & International debtors, are approved by the Director of the local area and also by the Chief Financial Officer, after reviewing the business reasons for the extended terms. The exceptions are very few in number.

Student fees are recognised initially at fair value as at census date and are collectable at that point. Periodically these receivables are adjusted for any provision for impairment.

Collectability of receivables is reviewed on an ongoing basis and the assessment of the provision for impaired receivables included consideration of the expected credit losses in accordance with AASB 9 *Financial Instruments*. Individual trade debtors and student fee receivables are assessed for impairment, considering both historic and future factors where possible including the age of the debt, the circumstances of the debtor, experience with similar debt types and current economic circumstances. In addition, both trade debtors and student fee receivables are evaluated for impairment based upon past due status and historical collection experience. Debts which are known to be uncollectible are written off. A provision for doubtful debts is established when there is objective evidence that the University will not be able to collect all amounts due according to the original terms of receivables.

The other amounts within receivables do not contain impaired assets and are not past due. Based on credit history, it is expected that these amounts will be received when due.

14. Investments accounted for using the equity method

The University has no material investments in associates or joint venture entities which would be accounted for in the consolidated financial statements using the equity method of accounting.

15. Other financial assets

During 2021, Education Australia Ltd shares in IDP Education Limited (IDP) were returned to the 38 University shareholders via a Liquidity Transaction involving an in-specie distribution of IDP shares and cash proceeds.

This resulted in the distribution of 1.8 million IDP shares valued at \$53.10 million (included within Equity instruments designated at fair value through other comprehensive income), \$25.01 million franking credits (included within Imputation Credits) and cash proceeds of \$5.26 million. 50% of the IDP shares received are subject to a 6 month escrow period, whilst the remaining 50% of IDP shares received are subject to a 12 month escrow period.

The liquidity transaction is considered to be a recovery of the cost of the investment that is intrinsically linked to the wind down of Education Australia Ltd. In accordance with AASB 9 Financial Instruments, the transaction is recognised through other comprehensive income as revaluation on equity instruments designated at fair value through other comprehensive income.

Accounting Policy

Shares in subsidiaries

Investments in all wholly-owned subsidiaries are recorded at fair value. Where an estimate of fair value is not readily available, the Net Assets of the subsidiary are used as a proxy for fair value.

Equity Instruments designated at fair value through other comprehensive income

The University invests in shares, fixed interest, property trusts and managed funds known as Investments. These investments are classified as Equity instruments designated at fair value through other comprehensive income in accordance with AASB 9 *Financial Instruments*.

These Investments are included in non-current assets unless management intends to dispose of the Investment within 12 months of the balance sheet date. Purchases and sales of Investments are recognised on trade date (the date on which the University commits to purchase or sell the asset). Investments are initially recognised at fair value. Investments are derecognised when the rights to receive cash flows from them have expired or have been transferred and the University has transferred substantially all the risks and rewards of ownership.

Unrealised gain or loss arising from changes in the fair value of investments are recognised in other comprehensive income under Gain / (Loss) on equity instruments designated at fair value through other comprehensive income.

15. Other financial assets (continued)

Accounting Policy (continued)

Realised gain or loss arising from the sale of investments are recognised in other comprehensive income under Gain / (Loss) on equity instruments designated at fair value through other comprehensive income.

Only dividends are recognised in the income statement when the right of payment has been established unless when it is part of a recovery of cost in which case it is recognised in other comprehensive income.

Since these investments are designated at fair value through other comprehensive income they are not subject to impairment assessment. These investments are adjusted annually to fair value through other comprehensive income.

16. Other non-financial assets

| | Conse | Consolidated | | University | |

| Other assets | 1,000 | - | 1,000 | - |
| Total non-current assets classified | | | | |
| as held for sale | 1,000 | - | 1,000 | - |

Accounting Policy

Non-current assets are classified as held for sale and stated at the lower of their carrying amount and fair value less costs to sell if their carrying amount will be recovered principally through a sale transaction rather than through continuing use.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the statement of financial position.

Accounting Policy

Initial recognition and measurement

Assets with a useful life of more than 12 months and an acquisition cost of more than \$10,000 are initially capitalised at cost. Costs incurred on Plant and equipment which do not meet the capitalisation criteria are expensed as incurred. Following initial recognition at cost Land, Buildings, Infrastructure and Art collection are carried at fair value.

Subsequent capital costs are included in the asset's carrying amount or recognised as a separate asset as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Comprehensive Income during the financial period in which they are incurred.

All other property, plant and equipment is stated at historical cost less depreciation.

Revaluations

Independent valuations of Land, Buildings and Infrastructure are performed every three years to ensure that the carrying amount does not differ materially from the asset's fair value at the balance date.

The Art collection is internally valued every three years by the Director: Samstag Museum of Art considering current sales and auctions of works by the same artist and / or similar genre.

Revaluation surpluses have been credited to the asset revaluation reserve included in the equity section of the statement of financial position. Revaluation increments and decrements are offset against one another within asset classes, but not otherwise. Refer to Note 38(c) for information regarding revaluations.

Land

Land occupied by the University is either owned by the University or by the State Government. All land is recognised on the basis that the University effectively controls the land occupied.

Land includes \$66.17 million (2020: \$66.17 million) of Crown Lands and \$5.60 million (2020: \$5.66 million) of Land under Finance Lease. The University has restrictions on the above land by application of the University of South Australia Act, 1990 Section 6(3).

Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Accounting Policy (continued)

Depreciation

Land (excluding Land under finance lease), Art collection and Buildings under construction are not depreciated. Depreciation, where applicable, is calculated on a straight-line basis to allocate the written down current cost of an asset over its estimated remaining useful life.

| Assets class | Useful Life |
|--------------------------|----------------|
| Property: | |
| Buildings | 30 - 160 years |
| Infrastructure | 25 - 50 years |
| Land under finance lease | 99 years |
| Leasehold improvements | 1 - 14 years |
| Plant and equipment: | |
| IT infrastructure | 5 years |
| IT other | 3 years |
| Motor vehicles | 5 years |
| Other | 10 years |
| Right-of-use assets: | |
| Buildings | 1 - 9 years |
| Plant and equipment | 1 - 5 years |
| | |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Accounting Policy

Assessment of whether a contract is, or contains, a lease

At inception of a contract, the University assesses whether a contract is, or contains a lease. A contract is, or contains a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

the University assesses whether:

- (a) The contract involves the use of an identified asset. The asset may be explicitly or implicitly specified in the contract.
- (b) The customer has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- (c) The customer has the right to direct the use of the asset throughout the period of use The customer is considered to have the right to direct the use of the asset only if either:
 - i. The customer has the right to direct how and for what purpose the identified asset is used throughout the period of use; or
 - ii. The relevant decisions about how and for what purposes the asset is used is predetermined and the customer has the right to operate the asset, or the customer designed the asset in a way that predetermines how and for what purpose the asset will be used throughout the period of use.

Accounting Policy (continued)

Accounting for leases - University as lessee

In contracts where the University is a lessee, the University recognises a right-of-use asset and a lease liability at the commencement date of the lease, unless the short-term or low-value exemption is applied.

Right-of-use asset

A right-of-use asset is initially measured at cost comprising the initial measurement of the lease liability adjusted for any lease payments made before the commencement date (reduced by lease incentives received), plus initial direct costs incurred in obtaining the lease and an estimate of costs to be incurred in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

A right-of-use asset associated with land and buildings is subsequently measured at fair value. All other property, plant and equipment are measured as described in the accounting policy for property, plant and equipment in Note 18.

Accounting Policy

Expenditure on research activities, undertaken with the prospect of obtaining new scientific or technical knowledge and understanding, is recognised in the Statement of Comprehensive Income as an expense when incurred.

With respect to internally generated Intangible assets, expenditure on development activities is capitalised if the product or service is technically and commercially feasible and adequate resources are available to complete development. The expenditure capitalised comprises all directly-attributable costs, including costs of materials, services, direct labour and an appropriate proportion of overheads where the University has control over the expected benefits. Other development expenditure is recognised in the Statement of Comprehensive Income as an expense as incurred. Capitalised development expenditure is recognised at cost less accumulated amortisation.

Amortisation is calculated using the straight line method to allocate the cost over the period of the expected benefit, which is currently between 4 and 7 years.

Intangibles in progress represent capitalised expenditure where the project was incomplete at balance date. The expenditure is capitalised upon the completion of the project.

19. Intangible assets (continued)

Accounting Policy (continued)

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

| Unused amounts reversed | (304) | (690) | (304) | (690) |
| Increase / (decrease) in discounted amount | (2) | 13 | (2) | 13 |
| Carrying amount at end of year | 637 | 853 | 637 | 853 |

22. Provisions (continued)

Accounting Policy

*Annual leave

The annual leave liability is independently calculated each year in accordance with AASB 119 *Employee Benefits*. The last update was performed at 31 December 2021 by Deborah Jones, FIAA of Brett & Watson Pty Ltd.

The employees' entitlement to annual leave expected to be settled within twelve months of the end of the reporting period have been calculated at the amounts expected to be paid when liabilities are settled. Where the employees' entitlement to annual leave are not expected to be settled within 12 months of the end of the reporting period, the provision has been discounted to present values.

Sick leave

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement of sick leave.

**Long service leave

The long service leave liability is independently actuarially estimated each year in accordance with AASB 119 *Employee Benefits*. The last update was performed at 31 December 2021 by Deborah Jones, FIAA of Brett & Watson Pty Ltd.

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national Government bonds with terms to maturity that match, as closely as possible, the estimated future cash outflows. The long service leave liability includes associated on-costs.

Liabilities for employees' entitlements, which are expected to be settled after twelve months are discounted using market yields at the reporting date on national Government bonds with terms to maturity that match, as closely as possible, the estimated future cash outflows. The discount rate used for the 2021 valuation is 1.8% (2020: 1.2%).

***Workers' compensation

The University is responsible for payment of workers' compensation.

The provision for workers' compensation is independently actuarially estimated each year. The last update was performed at 31 December 2021 by Brett & Watson Pty Ltd using Case Estimation Methodology. Under this methodology, consideration is given to individual case estimates of all open claims plus an allowance for incurred but not reported claims, re-opening of claims regarded as closed and unforeseen escalation of case estimates as more information becomes available.

****Separation scheme

In 2021 the provision for Separation scheme is nil. The 2020 provision for Separation scheme related to an Early Retirement Scheme and included payments for separations, associated annual leave and long service leave liabilities and other costs. The leave liabilities included in this provision total \$6.16 million.

23. Contract liabilities

| | Consolidated | | University | |
|--|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Current | | | | |
| Commonwealth and State Government grants | 47,295 | 35,143 | 47,295 | 35,143 |
| Income in Advance on incomplete projects | 24,659 | 21,684 | 24,659 | 21,684 |
| Student fees and charges in advance | 16,347 | 15,191 | 16,347 | 15,191 |
| Other | 4,723 | 3,824 | 4,723 | 3,824 |
| Total current contract liabilities | 93,024 | 75,842 | 93,024 | 75,842 |

Accounting Policy

Commonwealth and State Government Grants represents Australian Government Grants received and represents funding received but not spent as detailed in Note 1(f) accounting policy.

Income in advance on incomplete projects represents grants and contracts received from other sources and represents the amounts received but not spent.

24. Other liabilities

| | Consolidated | | University | |
|---|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Current | | | | |
| Funds held on behalf of external entities | 1,428 | 4,379 | 1,369 | 4,355 |
| Commonwealth and State Government unspent financial assistance | 9,951 | 5,521 | 9,951 | 5,521 |
| Student fees and charges in advance | 2,204 | 1,411 | 2,204 | 1,411 |
| Other | 117 | 75 | 118 | 80 |
| Total other liabilities | 13,700 | 11,386 | 13,642 | 11,367 |

Accounting Policy

Funds held on behalf of external entities are amounts held by the University on behalf of a number of external entities. As at balance date, the funds held are included in cash and cash equivalents and a corresponding liability is included in other liabilities above.

Commonwealth and State Government unspent financial assistance represents Australian Government Grants received which the University regards as reciprocal and represents funding received but not spent.

25. Reserves

| | Consolidated | | University | |
|---|--------------|---------|------------|---------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Property, plant and equipment revaluation surplus | | | | |
| Land, Buildings and Infrastructure | 263,150 | 263,150 | 263,150 | 263,150 |
| Art collection | 1,647 | 1,382 | 1,647 | 1,382 |
| | 264,797 | 264,532 | 264,797 | 264,532 |
| Equity instruments designated at fair value through other comprehensive income | 71,315 | 56,353 | 73,841 | 56,353 |
| Total reserves | 336,112 | 320,885 | 338,638 | 320,885 |

The University has three reserves. The Land, Buildings and Infrastructure reserve records revaluations in Land, Buildings and Infrastructure, the Art collection reserve records revaluations in the Art collection and the Equity instruments designated at fair value through other comprehensive income records revaluations in Investments.

26. Key management personnel disclosures

(a) Names of responsible persons

The following persons were responsible persons of the University during the 2021 year. Council members include University employees who may be ex-officio members or elected staff members.

2021 Council Members

Ms Pauline Carr, Chancellor Professor David Lloyd, Vice Chancellor and President Hon John Hill, Deputy Chancellor Mr Jim Hazel, Pro Chancellor Mr Michael Abbott AO QC Mr Noah Beckmann Ms Karen Hunt Professor Caroline McMillen AO Mr Dinuk Nanayakkara Associate Professor Barbara Parker Ms Mary Patetsos Ms Nicolle Rantanen Reynolds Mr Ian Smith AM Professor Vicki Waye Mr Jim Whalley

26. Key management personnel disclosures (continued)

(a) Names of responsible persons (continued)

2021 University Enterprise Leadership Team

Professor David Lloyd, Vice Chancellor and President Mr Paul Beard Ms Jane Booth Professor Joanne Cys (Acting Provost & Chief Academic Officer) Professor Allan Evans Professor Marnie Hughes-Warrington Mr Tom Steer (Acting Chief Academic Services Officer) Professor Marie Wilson

(b) Remuneration of key management personnel

| | Consolidated | | University | |
|---------------------------------|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | Number | Number | Number | Number |
| Remuneration of Council members | | | | |
| Nil | 4 | 4 | 4 | 4 |
| \$20,000 to \$29,999 | 8 | 7 | 8 | 7 |
| \$30,000 to \$39,999 | - | 1 | - | 1 |
| \$40,000 to \$49,999 | 2 | 2 | 2 | 2 |
| \$80,000 to \$89,999 | 1 | 1 | 1 | 1 |
| | 15 | 15 | 15 | 15 |

Remuneration received and receivable by Council members for their services as Council members was \$341,145 (2020: \$353,540). The total remuneration received and receivable by Council members in their position as Council members and as Directors of subsidiary companies was \$341,145 (2020: \$353,540).

26. Key management personnel disclosures (continued)

(b) Remuneration of key management personnel (continued)

| | Consolidated | | University | |
|------------------------------------|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | Number | Number | Number | Number |
| Remuneration of executive officers | | | | |
| \$20,000 to \$29,999 | - | 1 | - | 1 |
| \$60,000 to \$69,999 | - | 1 | - | 1 |
| \$80,000 to \$89,999 | - | 2 | - | 2 |
| \$100,000 to \$109,999 | - | 2 | - | 2 |
| \$210,000 to \$219,999 | 1 | - | 1 | - |
| \$280,000 to \$289,999 | 1 | - | 1 | - |
| \$390,000 to \$399,999 | 1 | - | 1 | - |
| \$450,000 to \$459,999 | - | 2 | - | 2 |
| \$460,000 to \$469,999 | 1 | - | 1 | - |
| \$500,000 to \$509,999 | - | 1 | - | 1 |
| \$570,000 to \$579,999 | 1 | - | 1 | - |
| \$670,000 to \$679,999 | 1 | 1 | 1 | 1 |
| \$720,000 to \$729,999 | - | 1 | - | 1 |
| \$740,000 to \$749,999 | 1 | - | 1 | - |
| \$1,200,000 to \$1,209,999 | - | 1 | - | 1 |
| \$1,210,000 to \$1,219,999 | 1 | - | 1 | - |
| | 8 | 12 | 8 | 12 |

Total remuneration paid to the Vice Chancellor during the 2021 reporting period was \$1.219 million (2020: \$1.202 million).

Executive officers are defined as the Vice Chancellor and President, and the University's Enterprise Leadership Team. The remuneration includes all normal salary, leave, allowances and other benefits paid during the reporting year. No executive received any remuneration from the University other than by way of salary and related benefits from a normal employment relationship.

(c) Executive officers' compensation

| | Consolidated | | University | |
|--|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Short-term employee benefits | 4,141 | 4,144 | 4,141 | 4,144 |
| Post-employment benefits | 321 | 352 | 321 | 352 |
| Other long-term benefits | 112 | - | 112 | - |
| Total executive officers' compensation | 4,574 | 4,496 | 4,574 | 4,496 |

26. Key management personnel disclosures (continued)

(d) Related party transactions

From time to time key management personnel have interests or positions in entities with which the University conducts business. In all cases transactions with these entities are undertaken during the ordinary course and under normal trading terms.

27. Remuneration of auditors

During the year, the following fees were paid for services provided by the auditor of the University, its related practices and non-related audit firms:

| | Consolidated | | University | |
|---|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Audit of the Financial Statements | | | | |
| Fees paid to Auditor-General's Department | 283 | 283 | 283 | 283 |
| Fees paid to other auditors | 15 | 15 | - | - |
| Other audit and assurance services | | | | |
| Fees paid to other auditors | 56 | 28 | 56 | 28 |
| Total paid for audit | 354 | 326 | 339 | 311 |

Audit fees paid / payable to the Auditor-General's Department relating to work performed under Section 19 of the University of South Australia Act 1990 in 2021 were \$0.28m (2020: \$0.28m).

28. Contingencies

The University has no material contingent liabilities or assets.

29. Commitments

(a) Capital commitments

Capital expenditure contracted for at the reporting date but not recognised as liabilities is as follows:

| | Consolidated | | University | |
|-------------------------------------|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Property, plant and equipment: | | | | |
| Within one year | 5,188 | 3,492 | 5,188 | 3,492 |
| Total Property, plant and equipment | | | | |
| commitments | 5,188 | 3,492 | 5,188 | 3,492 |

Property, plant and equipment commitments represent capital works project expenditure.

(b) Other expenditure commitments

Commitments for other expenditure in existence at the reporting date but not recognised as liabilities, are payable as follows:

| | Consolidated | | University | |
|-------------------------------------|--------------|--------|------------|--------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Within one year | 10,935 | 17,477 | 10,935 | 17,477 |
| Between one and five years | 9,005 | 13,248 | 9,005 | 13,248 |
| Later than five years | 2,104 | 2,738 | 2,104 | 2,738 |
| Total other expenditure commitments | 22,044 | 33,463 | 22,044 | 33,463 |

Other expenditure commitments includes contributions to Co-operative Research Centres (CRC), cleaning, security and material commitments arising from grants received from NHMRC.

30. Related Parties

(a) Parent entities

The ultimate Australian parent entity within the Group is the University of South Australia.

(b) Subsidiaries

Interests in subsidiaries are set out in note 32.

(c) Key management personnel

Disclosures relating to directors and specified executives are set out in note 26.

(d) Transactions with related parties

The following transactions occurred during the reporting period with related parties:

| | 2021 | 2020 |
|--|--------|--------|
| | \$'000 | \$'000 |
| Fees paid to subsidiaries for the provision of services under agreement | 1,792 | 3,020 |

31. Superannuation plans

(a) Categories

The University contributes to a number of superannuation schemes, divided into the following categories:

- (i) UniSuper plans open to membership:
 - UniSuper Defined Benefit Plan or Accumulation Super 2
 - Accumulation Super 1
- (ii) State Government Schemes closed to future membership by University employees:
 - State Pension Scheme
 - State Lump Sum Scheme

(b) UniSuper Limited Superannuation Scheme

The employees' UniSuper plan is determined by the terms of employment and is managed by a corporate trustee, UniSuper Limited. The plan is administered by UniSuper Management Pty Ltd.

The employer contribution rate for 2021 for employees in either the Defined Benefit Division (DBD) or Accumulation Super 2 was 17% of salaries. For employees in Accumulation Super 1 the contribution rate was 10.0% for 2021.

The UniSuper DBD is a defined benefit plan under Superannuation Law but is considered to be a defined contribution plan under Accounting Standards AASB 119. As set out under paragraph 28 of AASB 119, a defined contribution plan is a plan where the employer's legal or constructive obligation is limited to the amount it agrees to contribute to the funds and the actuarial risk and investment risk fall on the employee.

Clause 34 (b) of the Trust Deed states that the "Trustee must consider whether it is in the interests of the Members of Division A and Division B as a whole to reduce the benefits payable under Division A and Division B and, if it so considers that it should reduce benefits (which may include benefits in the course of payment), it must do so on a fair and equitable basis and at a time or times it decides".

As at 30 June 2021 the assets of the DBD aggregate (i.e. entire multi-employer DBD plan) were estimated to be:

- \$5,070 million above (2020: \$3,276 million in excess) vested benefits, after allowing for various reserves. The Vested Benefits Index based on funding assumption was 121.3%. The vested benefits are benefits which are not conditional upon continued membership (or any factor other than leaving the service of the participating institution) and include the value of indexed pensions being provided by the DBD.
- \$7,339 million above (2020: \$5,267 million in excess) accrued benefits, after allowing for various
 reserves. The Accrued Benefits Index based on best estimate assumptions was 134.2%. The
 accrued benefits have been calculated as the present value of expected future benefit payments to
 members and indexed pensioners which arise from membership of UniSuper up to the reporting
 date.

(b) UniSuper Limited Superannuation Scheme (continued)

The vested benefit and accrued benefit liabilities were determined by the Fund's actuary using the actuarial demographic assumptions outlined in their report on the actuarial investigation of the DBD as at 30 June 2021. The financial assumptions used were:

| | Vested Benefits | Accrued Benefits |
|---|--------------------|---------------------|
| Gross of tax investment return - DBD pensions | 5.3% p.a. | 6.5% p.a. |
| Gross of tax investment return - commercial rate indexed pensions | 2.4% p.a. | 2.4% p.a. |
| Net of tax investment return - non pensioner members | 4.6% p.a. | 5.7% p.a. |
| Consumer Price Index | 2.0% p.a. | 2.0% p.a. |
| Inflationary salary increases - For the next 3 years | 2.25% p.a. | 2.25% p.a. |
| Inflationary salary increases - Beyond 3 years | 2.75% p.a. | 2.75% p.a. |

Assets have been included at their net market value, that is, after allowing for realisation costs.

(c) Super SA Superannuation plan

A number of present and past employees of the University and its predecessor institutions are members of the South Australian Superannuation Scheme. This scheme is administered by Super SA on behalf of the South Australian Superannuation Board (the Board) which is responsible for managing this scheme. The Board was established under section 5 of the *Superannuation Act 1988*. The funds are managed by the specialist investment manager, Superannuation Funds Management Corporation of South Australia (Funds SA).

Under this scheme, benefits are paid as a continuing pension or lump sum to members eligible to claim their entitlement. The Pension Scheme is a defined benefit scheme where member benefits are calculated as a percentage of final salary. Benefits are generally payable fortnightly and are indexed by Consumer Price Index (CPI). The Lump Sum Scheme is part accumulation and part defined benefit where member basic entitlements represent a refund of the member's contributions with investment returns plus a defined multiple of final salary.

Under current arrangements, Super SA pays eligible members their benefit and is reimbursed by the University for the shortfall in the employer's contribution. The Commonwealth Government fully funds the University on an emerging cost basis for the costs and recovers the State's share of the cost directly from the State Government under the Commonwealth - State Agreement. The Agreement provides that the employer component of the superannuation benefits payable to former employees of the University who were members of one of the main State Schemes, be shared.

An actuarial assessment (the Assessment) of the University's superannuation liability with respect to future benefits for current pensioners and employees was performed by Brett & Watson Pty. Ltd. as at 31 December 2021. The actuarial valuation was based on 30 June 2021 membership data which was projected to 31 December 2021 using the Projected Unit Credit Method. The University's present value of the defined benefit obligations was assessed to be \$385.41 million (2020: \$436.57 million).

The University's liability under the scheme has been partly funded by assets of \$57.87 million (2020: \$57.00 million) from 3% productivity employer contributions. This results in an unfunded liability of \$327.54 million (2020: \$379.56 million).

(c) Super SA Superannuation plan (continued)

The weighted average duration of the defined benefit obligation is 10.49 years (2020: 10.87 years). The expected maturity analysis of undisclosed benefit obligations is as follows:

| | Less than 1 year \$'000 | | Between 2 and 5 years \$'000 | More than 5 years \$'000 | Total \$'000 |
|--|-------------------------------|--------|------------------------------------|--------------------------------|-----------------|
| Defined Benefit obligation - 31 December 2021 | 28,506 | 27,991 | 80,612 | 335,942 | 473,051 |
| Defined Benefit obligation - 31 December 2020 | 29,704 | 28,302 | 82,138 | 363,642 | 503,786 |

The analysis of the plan assets at the balance sheet date is as follows:

| | 2021 | 2021 (%) | | (%) |
|-------------------------------|---------------|---------------------|---------------|---------------------|
| | Active Market | No Active Market | Active Market | No Active Market |
| Equity instruments | 52.7 | 0.0 | 51.5 | 0.0 |
| Property | 1.7 | 14.8 | 2.0 | 15.2 |
| Diversified Strategies Growth | 1.1 | 14.6 | 0.1 | 15.7 |
| Diversified Strategies Income | 13.4 | 0.0 | 12.9 | 0.0 |
| Cash | 1.7 | 0.0 | 2.6 | 0.0 |
| Total | 70.6 | 29.4 | 69.1 | 30.9 |

(d) Amounts recognised in the Statement of Financial Position

| | University | |
|---|------------|---------|
| | 2021 | 2020 |
| | \$'000 | \$'000 |
| Reconciliation of the present value of the defined benefit obligation | | |
| Present value of defined benefit obligation at beginning of year | 436,569 | 480,860 |
| Current service cost | 121 | 133 |
| Interest cost | 4,639 | 6,521 |
| Actuarial (gain) / loss | -, | -, |
| (a) Impact of changes in demographic assumptions | - | (5,998 |
| (b) Impact of changes in salary increase assumptions | - | (536 |
| (c) Impact of changes in long term inflation assumptions | - | (22,237 |
| (d) Impact of changes in discount rate | (26,189) | 12,710 |
| (e) Impact of changes in fund share | - | (5,186 |
| (c) Experience items | (878) | 610 |
| Benefits and expenses paid | (28,853) | (30,308 |
| Present value of defined benefits obligations at end of year | 385,409 | 436,569 |
| Reconciliation of the fair value of the defined benefit plan assets | | |
| Fair value of Scheme assets at start of year | 57,005 | 54,404 |
| Interest income | 591 | 742 |
| Actual return on assets less Interest income | 6,908 | 1,836 |
| Employer contributions | 22,214 | 30,331 |
| Benefits and expenses paid | (28,853) | (30,308 |
| Fair value of Scheme assets at end of year | 57,865 | 57,005 |
| Net Liability | | |
| Defined Benefit Obligation | 385,409 | 436,569 |
| Less: Fair value of plan assets | (57,865) | (57,005 |
| Net Liability | 327,544 | 379,564 |
| Defined Benefit Provision | | |
| Current | 28,500 | 29,704 |
| Non-current | 299,044 | 349,860 |
| Total Defined Benefit Provision | 327,544 | 379,564 |

The net unfunded amount of \$327.54 million (2020: \$379.56 million) has been recognised in the accounts of the University as a liability and a corresponding receivable from the Commonwealth Government. The asset and liability have been classified as current and non-current according to cash flow projections of the Assessment.

(d) Amounts recognised in the Statement of Financial Position (continued)

The Commonwealth Government has agreed to provide assistance under Section 20 of the *Higher Education Funding Act* to meet the additional costs in respect of State Government emerging cost schemes, where costs are in excess of funding provided for this purpose in the base operating grant.

Assumptions adopted by Brett & Watson Pty. Ltd in determining the University's liability were:

- Long term rate of increase in the Consumer Price Index (CPI) 2.0% per annum (2020 2.0%)
- Salary increases 2.5% per annum (2020 2.5%)
 - Discount Rate 1.8% per annum (2020 1.1%)

These rates provide for a 0.5% real gap between long term CPI and salary increases.

The sensitivity of the defined benefit obligation to changes in the significant assumptions is:

| | | Impact on | | Impact on |
|------------------------|---------------------------|-------------------------------|---------------------------|-------------------------------|
| Significant Assumption | Increase in assumption | Defined Benefit Obligation | Decrease in assumption | Defined Benefit Obligation |
| Discount rate | 0.5% | Decrease by 4.4% | 0.5% | Increase by 4.8% |
| Pension increase rate | 0.5% | Increase by 5.0% | 0.5% | Decrease by 4.6% |
| Mortality rate | 10.0% | Decrease by 3.9% | 10.0% | Increase by 4.4% |

Accounting Policy

Superannuation schemes exist to provide benefits to University employees and their dependants upon resignation, retirement, disability or death. The University recognises an expense in the Statement of Comprehensive Income for contributions paid to the funded schemes and on an emerging cost basis for the unfunded schemes.

Unfunded superannuation

An arrangement exists between the Australian Government and the South Australian State Government to share the unfunded liability of the University's beneficiaries of the South Australian State Superannuation Scheme on an emerging cost basis. This arrangement is evidenced by the State Grants (General Revenue) Amendment Act 1988, Higher Education Funding Act 1988 and subsequent amending legislation. Accordingly, the unfunded liabilities have been recognised in the Statement of Financial Position as a liability with a corresponding asset. The recognition of both the asset and the liability consequently does not affect the year end net asset position of the University or the University of South Australia. The net expense is nil.

32. Subsidiaries

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy included in Note 15. Other financial assets:

| | | Principal place | | |
|--|--|-----------------|-------------|---------|
| Name of Entity | Principal Activities | of business | Ownership i | nterest |
| | | | 2021 | 2020 |
| | | | % | % |
| University of South Australia Foundation Incorporated | Dormant entity with no assets, liabilities or equity | Australia | 100 | 100 |
| UniSA Ventures Pty Ltd | Commercialisation of research of the University | Australia | 100 | 100 |
| UniSA Health Pty Ltd | Provision of clinical placements to undergraduate and postgraduate students in allied health clinics | Australia | 100 | 100 |

33. Investments in associates

The South Australian Broadband Research & Education Network (SABRENet) Ltd is an associate of the Group. While the University has significant influence over SABRENet, its interest in SABRENet is limited to the use of SABRENet's asset. That is, the University receives no return for its interest in SABRENet. The investment in this associate is not material and therefore it is not incorporated in the financial statements.

Accounting Policy

Associates are all entities over which the Group has significant influence but not control. If material, investments in associates are accounted for in the parent entity financial statements using the cost method and in the consolidated financial statements using the equity method of accounting, after initially being recognised at cost.

34. Interests in joint arrangements

Accounting Policy

Under AASB 11, interests in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations each investor has, rather than the legal structure of the joint arrangement.

Joint operations

The University's interests in joint operations are Centre for Cancer Biology (Ownership Interest 2021:50% (2020:50%)) and Mawson Centre Building (Ownership Interest 2021:63% (2020:63%)).

Overall the University's interests in these joint operations are not considered to be material to the University's core activities and therefore are not incorporated in the financial statements. If material, the share of assets, liabilities and expenses of a joint operation are incorporated in the financial statements under the appropriate headings.

Joint ventures

The University's interests in joint ventures is South Australian Tertiary Admissions Centre Ltd (Ownership Interest 2021:20% (2020:20%)).

The University's interests in these joint ventures are not considered to be material to the University's core activities and therefore are not incorporated in the financial statements. If material, interests in a joint venture are accounted for in the consolidated financial statements using the equity method, after initially being recognised at cost by the University.

35. Events occurring after the balance sheet date

(Ú

The University holds shares in IDP Education Limited as detailed in Note 15. Other financial assets. On 1 March 2022 the University sold 50% of its shareholding in IDP Education Limited resulting in net cash proceeds of \$25.8m.

No other matters or circumstances have arisen since the end of the financial year and the date of this report, that significantly affected or may significantly affect the operation of the University or the Group, the results of those operations, or the state of affairs of the University or the Group in future periods.

36. Reconciliation of operating results after income tax to net cash flows from operating activities

| | Consolidated | | University | |
|---|--------------|---------|------------|---------|
| | 2021 | 2020 | 2021 | 2020 |
| | \$'000 | \$'000 | \$'000 | \$'000 |

| Net cash provided by / (used in) operating activities | 100,727 | 94,915 | 100,151 | 94,751 |

37. Financial risk management

The University's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The University's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the University of South Australia.

The University uses different methods to measure different types of risk to which it is exposed. These methods include informal sensitivity analyses and seeking professional advice to manage the market risk of its investments.

Risk management is co-ordinated by the University under policies approved by Council. The University identifies and evaluates financial risks in close co-operation with the University's operating units.

(a) Market risk

(i) Foreign exchange risk

The University assesses the likely foreign exchange risk for offshore activities and enters into hedging arrangements if appropriate.

As at 31 December 2021 the University held US\$2.01million (A\$2.77million) (2020: US\$5.00 million (A\$6.49 million)) as cash at bank and deposits at call.

The University assesses the likely foreign exchange risk for probable forecasted transactions in foreign currencies for onshore activities and enters into hedging arrangements to mitigate foreign exchange risk if appropriate.

(ii) Cash flow and fair value interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

Exposures arise predominantly from assets and liabilities bearing variable interest rates as such the Group intends to hold fixed rate assets and liabilities to maturity.

(iii) Risk associated with equity instruments designated at fair value through other comprehensive income

Investments comprise investments in listed and unlisted entities. The University has a prudent investment strategy. It is acknowledged there may be short-term fluctuations in asset values from time to time; however historical trends for such a strategy indicate that, with reasonable probability, unrealised losses will be recovered in the medium to long-term.

The nature of the University's activities are generally low risk. Investments tend to be largely held in term deposits with banking institutions and debtors are spread across a large number of customers. Due to the nature and value of the financial instruments held by the University, sensitivity analysis has not been provided.

37. Financial risk management (continued)

(b) Credit risk

Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted.

The credit risk on financial assets excluding investments of the University which have been recognised in the statement of financial position is the carrying amount net of any provisions for impaired receivables.

The University is not materially exposed to credit risk from any specific overseas country or individual customer.

(c) Liquidity risk

The University manages liquidity risk by monitoring forecast cash flows to enable the University to meet financial commitments in a timely manner.

Non-Interest Bearing financial assets and financial liabilities include receivables, other financial assets and payables. Cash and cash equivalents are interest earning financial assets, ranging from immediate availability to maturity of less than two years.

38. Fair value measurements

(a) Fair value measurements

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

Due to the short-term nature of the current receivables, their carrying value approximates their fair value and based on credit history it is expected that the receivables that are neither past due nor impaired will be received when due. Similarly, due to the short-term nature of current payables, the carrying value is assumed to approximate fair value.

The Group measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Financial assets at fair value through profit and loss
- Financial assets at fair value through other comprehensive income
- Available-for-sale financial assets
- Land and Buildings
- Infrastructure
- Art collection

(b) Fair value hierarchy

The University categorises assets and liabilities measured at fair value into a hierarchy based on the level of inputs used in measurements.

| Level 1 | Quoted prices (unadjusted) in active markets for identical assets or liabilities |
|---------|---|
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly |
| Level 3 | Inputs for the asset or liability that are not based on observable market data (unobservable inputs) |

(b) Fair value hierarchy (continued)

(i) Recognised fair value measurements

Fair value measurements recognised in the statement of financial position are categorised into the following levels at 31 December 2021.

Fair value measurements

| Fair value measurements | | 2021 | Level 1 | Level 2 | Level 3 |
|--|------|-----------|---------|---------|---------|
| | Note | \$'000 | \$'000 | \$'000 | \$'000 |
| Recurring fair value measurements at 31 Dec 2021 | | | | | |
| Financial assets | | | | | |
| Equity instruments designated at fair value through other comprehensive income | 15 | 94,650 | 87,614 | 1,632 | 5,404 |
| Total financial assets | | 94,650 | 87,614 | 1,632 | 5,404 |
| Non-financial assets | | | | | |
| Land and buildings | 18 | | | | |
| Land | | 184,153 | - | 184,153 | - |
| Buildings | | 793,036 | - | 15,256 | 777,780 |
| Infrastructure | 18 | 43,543 | - | - | 43,543 |
| Other non-financial assets Art Collection | - | 3,093 | - | - | 3,093 |
| Total non-financial assets | | 1,023,825 | - | 199,409 | 824,416 |
| | | 2020 | Level 1 | Level 2 | Level 3 |
| | Note | \$'000 | \$'000 | \$'000 | \$'000 |
| Recurring fair value measurements at 31 Dec 2020 | | | | | |
| Financial assets | | | | | |
| Equity instruments designated | 15 | | | | |
| at fair value through other comprehensive income | _ | 78,283 | 21,330 | 51,792 | 5,161 |
| Total financial assets | | 78,283 | 21,330 | 51,792 | 5,161 |
| Non-financial assets | | | | | |
| Land and buildings | 18 | | | | |
| Land | | 184,190 | - | 184,190 | - |
| Buildings | | 816,380 | - | 15,288 | 801,092 |
| Infrastructure | | 45,250 | - | - | 45,250 |
| Other non-financial assets | 18 | | | | |
| Art collection | _ | 3,823 | - | - | 3,823 |
| Total non-financial assets | | 1,049,643 | - | 199,478 | 850,165 |

There were no transfers between Levels 1 and 2 for recurring fair value measurements during the year.

The University's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(c) Valuation techniques used to derive Level 2 and Level 3 fair values

Assets or liabilities not traded in active markets

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. All other financial instruments that are not traded in an active market are included in Level 3.

Land, Buildings and Infrastructure

The Group engages external, independent and qualified valuers to determine the fair value of the Group's Land, Buildings and Infrastructure at least every three years. As at 31 December 2019, the fair values of Land, Buildings and Infrastructure have been determined by Opteon Pty Ltd. One of the University's buildings, partly damaged by fire in 2016 and now vacant, was written off as a result of Opteon Pty Ltd determination of the building's fair value as at 31 December 2019.

Land fair value estimates were based on the highest and best use of the land, being the existing use as University campuses and valued separately from any structures or improvements residing on it, but having regard to any restrictions on its use. These assets are classified as Level 2.

Buildings fair value estimates were based on the highest and best use, being the existing use as University campuses. The valuation technique for buildings adopted by Opteon Pty Ltd was to assess the written down current cost for the buildings. New replacement costs on the basis of a modern equivalent were assessed and then generally depreciated using the straight line method, having regard to the estimated useful and remaining life for each structure. 11 properties were identified as having sufficient market based evidence to assess their value and these are classified as Level 2. All other Buildings are classified as Level 3.

Art collection

The Art collection is revalued at least every three years using an internal valuation carried out by the Director: Samstag Museum of Art giving consideration to current sales and auctions of works by the same artist and/or similar genre. The collection was valued at 31 December 2021.

(d) Fair value measurements using significant unobservable inputs (Level 3)

The following table is a reconciliation of Level 3 items for the periods ended 31 December 2021 and 2020.

| Level 3 Fair Value Measurement 2021 | Unlisted equity securities \$'000 | Buildings \$'000 | Infrastructure \$'000 | Art collection \$'000 | Total \$'000 |
|--|--|---------------------|--------------------------|-----------------------------|-----------------|
| Opening balance | 5,161 | 801,092 | 45,250 | 3,823 | 855,326 |
| Acquisitions | 3,606 | 2,820 | 432 | 10 | 6,868 |
| Disposals | (3,363) | - | - | (5) | (3,368) |
| Recognised in profit or loss | - | (26,132) | (2,139) | - | (28,271) |
| Recognised in other comprehensive income | - | - | - | 265 | 265 |
| Transfers out | | - | - | (1,000) | (1,000) |
| Closing balance | 5,404 | 777,780 | 43,543 | 3,093 | 829,820 |

| Level 3 Fair Value Measurement 2020 | Unlisted equity securities \$'000 | Buildings \$'000 | Infrastructure \$'000 | Art Collection \$'000 | Total \$'000 |
|--|--|---------------------|--------------------------|-----------------------------|-----------------|
| Opening balance | 5,193 | 823,659 | 46,076 | 3,823 | 878,751 |
| Acquisitions | 218 | 3,522 | 1,298 | - | 5,038 |
| Disposals | (250) | - | - | - | (250) |
| Recognised in profit or loss | - | (26,089) | (2,124) | - | (28,213) |
| Closing balance | 5,161 | 801,092 | 45,250 | 3,823 | 855,326 |

(i) Transfers between Level 2 and Level 3 and changes in valuation techniques

Other than described above, there were no changes in valuation techniques during the year.

(d) Fair value measurements using significant unobservable inputs (Level 3) (continued)

(ii) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements. See (c) above for the valuation techniques adopted.

| Description | Fair value at 31 December 2021 \$'000 | Unobservable inputs | Range of inputs (probability weighted average) | Relationship of unobservable inputs to fair value |
|-------------------------------|--|---|--|--|
| Unlisted equity securities | 5,404 | Market comparison based on internal assessment of net asset values and potential growth | Net asset position and future earnings | Increase in net assets and increase in future earnings would result in higher fair values; decrease in net assets and decrease in future earnings would result in lower fair values. |

CERTIFICATE

FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

To the best of our knowledge and belief:

- the financial statements:
 - are in accordance with the accounts and records of the University and give an accurate indication of the financial transactions of the University for the year then ended;
 - comply with the relevant Treasurer's Instructions promulgated under the provisions of the South Australian Public Finance and Audit Act 1987;
 - comply with the requirements of the Australian Charities and Not-for-Profits Commission Act 2012;
 - comply with relevant Accounting Standards and other mandatory professional reporting requirements in Australia; and
 - present a true and fair view of the financial position of the University as at 31 December 2021 and the result of its operations and its cash flows for the year then ended.
- the amount of Australian Government financial assistance expended during the reporting period was for the purpose(s) for which it was intended and the University has complied with applicable legislation, contracts, agreements and program guidelines in making expenditure.
- the University charged Student Services and Amenities Fees strictly in accordance with the *Higher Education Support Act 2003* and the Administration Guidelines made under the Act. Revenue from the fee was spent strictly in accordance with the Act and only on services and amenities specified in subsection 19-38(4) of the Act.
- internal controls over financial reporting and preparation of the financial statements have been effective throughout the reporting period.
- at the time of signing this statement, there are reasonable grounds to believe that the University will be able to pay its debts as and when they become due and payable.

To the Chancellor University of South Australia

Opinion

I have audited the financial report of the University of South Australia and the consolidated entity comprising the University of South Australia and its controlled entities for the financial year ended 31 December 2021.

In my opinion the accompanying financial report has been prepared in accordance with the provisions of the *Public Finance and Audit Act 1987*, Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, the *Higher Education Support Act 2003* and Australian Accounting Standards, including:

- a) giving a true and fair view of the financial position of the University of South Australia and its controlled entities as at 31 December 2021, its financial performance and its cash flows for the year then ended, and
- b) complying with Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 31 December 2021
- a Statement of Financial Position as at 31 December 2021
- a Statement of Changes in Equity for the year ended 31 December 2021
- a Statement of Cash Flows for the year ended 31 December 2021
- notes, comprising significant accounting policies and other explanatory information.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Report' section of my report. I am independent of the University of South Australia and its controlled entities. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 Code of Ethics for Professional Accountants (including Independence Standards) have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Vice-Chancellor and President and the Council for the financial report

The Vice-Chancellor and President is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions promulgated under the provisions of the *Public Finance and Audit Act 1987*, the *Australian Charities and Not-for-profits Commission Act 2012*, the *Higher Education Support Act 2003* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

The Council is responsible for overseeing the University of South Australia's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 19 of the *University of South Australia Act 1990*, I have audited the financial report of the University of South Australia and its controlled entities for the financial year ended 31 December 2021.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

• identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University of South Australia's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Vice-Chancellor and President
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Vice-Chancellor and President and the Council about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson Auditor-General 13 May 2021
