## DEFINITIONS:

|                                   |  |
|-----------------------------------|--|
| Subject Area and Catalogue Number | A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. <b>BIOL 1033</b> . You can search for courses by using this code.   |
| Class Number                      | A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.   |
| Enrolment Class                   | An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) seminar (SEM) or clinical (CLN). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class. |
| Related Classes                   | Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.   |
| Auto Enrol Class                  | In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.   |

## Study Period 2 - Course Information

## FOURTH YEAR

| Course Name                               | Course code & Catalogue No. | Enrolment Class numbers   | Auto enrolled classes | Options Students must choose to complete their enrolment |
|---|-----------------------------|---|-----------------------|--|
| Developmental Psychology                  | <a href="#">BEHL 3011</a>   | Tutorial: choose of the following class numbers 21508, 23516, 21509, 21510, 21511, 23517, 21512, 21513 or 21514.<br><br><b><u>Students please note:</u></b><br><b>This course is offered at Magill campus. **NOTES:**

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.

If you require further enrolment advice, please refer to the **Academic unit contact details** listed on the first page or contact [Campus Central](#).
