PROGRAM CODE	ICBR
PROGRAM NAME	<u>Graduate Certificate in Breast Imaging</u> (Click on the above to access the Program Home Page)
ACADEMIC PLAN	n/a
CAMPUS CENTRAL (Please contact Campus Central if you need help with enrolling or have any queries about the information on this form)	Campus Central City East Level 3, Playford Building <u>ask@campuscentral.unisa.edu.au</u> 1300 301 703

DEFINITIONS:

Subject Area and Catalogue Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Class Number

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Enrolment Class

An Enrolment Class is the first class you enrol into for a course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Related Classes

Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases, you may be automatically enrolled into a related class that is associated with the enrolment class you selected.

Auto Enrol Class

In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

Suggested enrolment for Graduate Certificate in Breast Imaging

This program is offered on a part-time basis over a minimum of 1 year.

Some courses are offered only once per year

Study Period 2 – Course Information

FIRST YEAR

Course name	Course code & Catalogue No.	Prerequisites / Corequisites	Notes
Ultrasound Physics and Instrumentation	RADY 5030	Nil	Available SP2 & SP5 Choose class number: 24128 (SP2) or 54303 (SP5)
Breast Sonography	RADY 5002	RADY 5030 + diagnostic breast ultrasound examinations, including interventional procedures.	Available SP2 Choose class number: 20009

Study Period 5 – Course Information

FIRST YEAR

Course Name	Course code & Catalogue No.	Prerequisites / Corequisites	Notes
Mammography	RADY 5003	This course requires compulsory on-campus attendance for a five-day full-time workshop under the direct supervision of a BreastScreen SA tutor Mammographic. For these dates and entry into the course, please contact HealthBSSATrainingModules@sa.gov.au	Only approved students can enrol
Professional Issues for Sonographers	RADY 5024	Nil	Available SP2 & SP5 Choose class number: 24123 (SP2) or 54301 (SP5)

NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
3. This course requires all students to attend an intensive one-week workshop on campus.
4. Students must complete a logbook of their supervised ultrasound experience for this course.
5. Participation is required in clinical placements where students are required to physically handle people including lifting and supporting people with disabilities.
6. The program is offered on a part-time basis over a minimum of 1 year by external delivery with attendance at a mandatory one week on-campus workshop.

If you require further enrolment advice, please contact [Campus Central](#).
