

2025 Enrolment Advice

Program Enrolment Advice: For students who are having trouble with their enrolments please contact - [Campus Central](#)

PROGRAM CODE	IHRS		
PROGRAM NAME	Bachelor of Medical Radiation Science (Honours) All Streams (Medical Imaging , Radiation Therapy , Nuclear Medicine)		
ACADEMIC PLAN	3rd and 4th year		
CAMPUS CENTRAL (Please contact Campus Central if you need help with enrolling or have any queries about the information on this form)	Campus Central City East Level 3, Playford Building campuscentral.cityeast@unisa.edu.au 1300 301 703	ACADEMIC UNIT	UniSA Allied Health and Human Performance alh-teachinglearning@unisa.edu.au 8302 2425

DEFINITIONS:

Subject Area and Catalogue Number	A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. BIOL 1033 . You can search for courses by using this code.
Class Number	A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.
Enrolment Class	An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.
Related Classes	Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.
Auto Enrol Class	In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

PLEASE NOTE:

Students will follow the IBRS enrolment advice for years 1 and 2 before commencing IHRS in years 3 and 4.

Study Period 2 – Course Information		THIRD YEAR		
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Medical Imaging				
Health Science Honours Preparation	REHB 3010	Workshop: Choose class number 20720. Students please note: This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is complete.
Medical Imaging Studies 3	RADY 3011	Practical: Choose one of the following class numbers 20850, 22514, 20851, 20852, 22515 or 20853.	Lecture and Seminar.	To finalise your enrolment please choose from the following Tutorial class numbers: 20856, 20858, 20857, 20859 or 24182.
CT and PET Imaging	RADY 3032	Workshop: Choose class number 22512 OR 22513 OR 23410 OR 23411. Students please note: This class is specific to Medical Imaging students. Please do not enrol in any other class	Lecture and Seminar	Your enrolment is complete.
Elective: You may undertake any elective course and it <u>does not</u> have to be within health. Options available on the following link .				

Study Period 4 – Course Information		THIRD YEAR		
Medical Imaging Clinical Practice 2	RADY 3036	Clinical: Choose class number 40273.	Workshop	Your enrolment is complete

Study Period 5 – Course Information		THIRD YEAR		
Specialised Medical Radiation	RADY 4023	Workshop: Choose one of the following class numbers 50704, 50705 or 50706. Students please note: This class is specific to Medical Imaging students. Please do not enrol in any other class	Lecture and Seminar.	Your enrolment is complete
Medical Imaging Studies 4	RADY 3012	Tutorial: Choose one of the following class numbers 52399, 52400 or 52401.	Lecture and Seminar	Your enrolment is complete

Study Period 2 – Course Information		THIRD YEAR		
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Radiation Therapy				
Health Science Honours Preparation	REHB 3010	Workshop: Choose class number 20720. Students please note: This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is complete.
Radiation Therapy Studies 3	RADY 3030	Practical: Choose one of the following class numbers 20201 or 20202.	Lecture and Tutorial	To finalise your enrolment please choose Seminar class number 23286.
CT and PET Imaging	RADY 3032	Tutorial: Choose class number 20849. Students please note: This class is specific to Radiation Therapy students. Please do not enrol in any other class	Lecture and Seminar.	Your enrolment is complete.
Elective: You may undertake any elective course and it <u>does not</u> have to be within health. Options available on the following link .				

Study Period 4 – Course Information		THIRD YEAR		
Radiation Therapy Clinical Practice 2	RADY 3040	Clinical: Choose class number 40310.	Workshop	Your enrolment is complete.

Study Period 5 – Course Information		THIRD YEAR		
Specialised Medical Radiation	RADY 4023	Workshop: Choose class number 50707. Students please note: This class is specific to Radiation Therapy students. Please do not enrol in any other class	Lecture and Seminar.	Your enrolment is complete.
Radiation Therapy Studies 4	RADY 3031	Practical: Choose one of the following practical class numbers 50451 or 51265.	Lecture and Tutorial.	Your enrolment is complete.

Study Period 2 – Course Information			THIRD YEAR	
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Nuclear Medicine				
Health Science Honours Preparation	REHB 3010	Workshop: Choose class number 20720. Students please note: This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is complete.
Nuclear Medicine Studies 3	RADY 3023	Lecture: Choose class number 20872.	Tutorial and Seminar	To finalise your enrolment please enrol into Practical class number 20873.
CT and PET Imaging	RADY 3032	Tutorial: Choose class number 20848. Students please note: This class is specific to Nuclear Medicine students. Please do not enrol in any other class	Lecture and Seminar	Your enrolment is complete.
Elective: You may undertake any elective course and it <u>does not</u> have to be within health. Options available on the following link .				

Study Period 4 – Course Information			THIRD YEAR	
Nuclear Medicine Clinical Practice 2	RADY 3038	Clinical: Choose class number 40276.	Workshop	Your enrolment is complete

Study Period 5 – Course Information			THIRD YEAR	
Specialised Medical Radiation	RADY 4023	Workshop: Choose class number 50708. Students please note: This class is specific to Nuclear Medicine students. Please do not enrol in any other class	Lecture and Seminar.	Your enrolment is complete
Nuclear Medicine Studies 4	RADY 3024	Practical: Choose from the following class numbers 50720 or 53110.	Lecture and Seminar	To finalise your enrolment please enrol into Tutorial class number 53078.

Study Period 2 – Course Information			FOURTH YEAR	
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Medical Imaging				
Medical Imaging Clinical Practice 3	RADY 4033	Clinical: Choose class number 23412.	Workshop	Your enrolment is complete.
Health Science Honours Thesis	REHB 4012	Workshop: Choose class number 22443. <u>Students please note:</u> This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is complete.

Study Period 4 – Course Information			FOURTH YEAR	
Medical Imaging Honours Clinical Practice 4	RADY 4035	Clinical: Choose class number 40313	Workshop	Your enrolment is complete.

Study Period 5 – Course Information			FOURTH YEAR	
Medical Imaging Honours Professional Entry Practice1	RADY 4036	Clinical: Choose class number 53028.	Workshop	Your enrolment is complete.

Study Period 6 – Course Information			FOURTH YEAR	
Medical Imaging Professional Entry Practice 2	RADY 4038	Clinical: Choose class number 60209.	Workshop and Seminar	Your enrolment is complete

Study Period 2 – Course Information			FOURTH YEAR	
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Radiation Therapy				
Radiation Therapy Clinical Practice 3	RADY 4045	Clinical: Choose class number 23527.	Workshop	Your enrolment is complete
Health Science Honours Thesis	REHB 4012	Workshop: Choose class number 22443. <u>Students please note:</u> This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is complete

Study Period 4 – Course Information			FOURTH YEAR	
Radiation Therapy Honours Clinical Practice 4	RADY 4047	Clinical: Choose class number 40263.	Workshop	Your enrolment is complete

Study Period 5 – Course Information			FOURTH YEAR	
Radiation Therapy Honours Professional Entry Practice 1	RADY 4048	Clinical: Choose class number 54174.	Workshop	Your enrolment is complete

Study Period 6 – Course Information			FOURTH YEAR	
Radiation Therapy Professional Entry Practice 2	RADY 4050	Clinical: Choose class number 60201.	Workshop and Seminar	Your enrolment is complete

Study Period 2 – Course Information			FOURTH YEAR	
Course Name	Course code & Catalogue No.	Enrolment Class number	Auto Enrolled Classes	Options Students must choose to complete their enrolment
Nuclear Medicine				
Nuclear Medicine Clinical Practice 3	RADY 4039	Clinical: Choose class number 23416.	Workshop	Your enrolment is now complete.
Health Science Honours Thesis	REHB 4012	Workshop: Choose class number 22443. <u>Students please note:</u> This class is specific to Medical Radiation Students.	Not applicable	Your enrolment is now complete.

Study Period 4 – Course Information			FOURTH YEAR	
Nuclear Medicine Honours Clinical Practice 4	RADY 4041	Clinical: Choose from the following class numbers 40260 or 40261.	Workshop	Your enrolment is complete.

Study Period 5 – Course Information			FOURTH YEAR	
Nuclear Medicine Honours Professional Entry Practice 1	RADY 4042	Clinical: Choose class number 53030.	Workshop	Your enrolment is complete.

Study Period 6 – Course Information			FOURTH YEAR	
Nuclear Medicine Professional Entry Practice 2	RADY 4044	Clinical: Choose class number 60200.	Workshop and Seminar	Your enrolment is complete

Program Notes

1. The clinical courses form a significant part of the program and students are required to be reasonably fit to successfully undertake these components.
2. Students will be required to complete a clinical placement at a rural or regional location.
3. Students will be required to undertake clinical practice courses at scheduled periods across all seven study periods.
4. Attendance requirements apply to the clinical components of the program. Students enrolled in courses with a clinical component will need to attend on a full-time basis for the duration of the courses.
5. This Elective is a free elective to be selected by the student.
6. Students may be required to complete an interstate clinical placement.

Notes

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
If you require further enrolment advice, please refer to the **Academic Unit contact details** listed on the first page or contact [Campus Central](#).
