### DEFINITIONS:

Subject Area and  
Catalogue Number  
Class Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Enrolment Class

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Related Classes

An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Auto Enrol Class

Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.

External Class

In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment. The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in 'Manage my Enrolment' when enrolling.

**First Semester (Study Period 2)**

Subject Area	Catalogue Number	Course Name	Classes	Notes
CHEM	1006	<a href="#">Chemistry 100</a>	Please refer to <a href="#">class timetable</a>	<p>Please enrol into a Tutorial, Practical and Workshop* which fits with your timetable. You will be automatically enrolled into the Seminar.</p> <p>* If you have <b>successfully completed Stage 2 Chemistry</b>, you should enrol into the <b>online Workshop</b>.</p> <p>* If you have <b>not completed Stage 2 Chemistry</b>, you must enrol into one of the <b>in-person Workshops</b>. into one of the on-campus workshops.</p>
BIOL	1049	<a href="#">Human Physiology 100</a>	Please refer to <a href="#">class timetable</a>	Please enrol into a Seminar and Workshop which fits with your timetable. You will be automatically enrolled into the Online Component
MATH	1039	<a href="#">Mathematics for Laboratory Sciences</a>	Please refer to <a href="#">class timetable</a>	Please enrol into the Lecture. You will then need to enrol into a Tutorial and a Computer Practical which fits with your timetable.
HLTH	1025	<a href="#">Health and Society</a>	Please refer to <a href="#">class timetable</a>	Please enrol into the Online component

Second Semester (Study Period 5)				
Subject Area	Catalogue Number	Course Name	Class numbers	Notes
CHEM	1007	<a href="#">Chemistry 101</a>	Please refer to <a href="#">class timetable</a>	<p>Please enrol into a Practical, Tutorial and Workshop* which fits with your timetable. You will be automatically enrolled into the Seminar.</p> <p>* If you have <b>successfully completed Stage 2 Chemistry</b>, you should enrol into the <b>online Workshop</b>.</p> <p>* If you have <b>not completed Stage 2 Chemistry</b>, you must enrol into one of the <b>in-person Workshops</b>.</p>
BIOL	1050	<a href="#">Human Physiology 101</a>	Please refer to <a href="#">class timetable</a>	Please enrol into a Seminar and Workshop which fits with your timetable. You will be automatically enrolled into the Online Component
MATH	1065	<a href="#">Quantitative Methods in Health</a>	Please refer to <a href="#">class timetable</a>	Please enrol into the Tutorial and Seminar which fits with your timetable.
MEDI	1009	<a href="#">Professional Issues in Laboratory Medicine</a>	Please refer to <a href="#">class timetable</a>	Please enrol into a Practical, Seminar and Workshop which fits with your timetable.

#### NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
3. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.

#### PROGRAM NOTES:

## EXTERNAL STUDENTS

Students studying off-campus. Administrative services for external students are located at [Campus Central](#).

**External mode** includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External mode does not normally include a face to face component, however some courses offered in external mode may require a small component of on-campus activity.

It is strongly recommended that you visit the Study Support webpage to gain valuable information regarding your studies.

<https://i.unisa.edu.au/students/student-support-services/study-support/>

## PART TIME STUDENTS

You can study part-time which means undertaking less than the load specified for full time status.

(**Full-time load** - The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year).

If you require further enrolment advice, please refer to the **Academic Unit contact details** listed on the first page or contact [Campus Central](#).
